8. Annual Complaints report 2017/18

The Corporate Customer Services & Delivery Manager introduced the Annual Complaints Report for 2017/18, which updated Members on customer complaints and feedback monitoring for the past year, compared to 2016/17.

In response to questions by Members about whether service requests had increased because Stage 1 and 2 complaints had fallen, the Corporate Customer Services & Delivery Manager confirmed that this was not the case and there had been no increase in service requests.

She also advised Members that despite the increased digital service that the Council provided, customer contact with Reception and the Contact Centre had increased, with many still wanting person-to-person contact. This was said to be similar across the county.

The Chairman commended the work that had been put in across the Council, and thanked the Corporate Customer Services & Delivery Manager for the report.
