Action Plan 2016-17

Introduction

The Sevenoaks District Community Safety Partnership brings together all of the agencies in the District who can have an impact on crime, anti-social behaviour and the fear of crime. A list of partners is set out on page 26. The Partnership has 3 key aims. They are to:

- Reduce and detect crime
- Reduce anti-social behaviour and the fear of crime
- Strengthen community involvement

Each year the Partnership, in common with all of the Community Safety Partnerships in Kent, undertakes an assessment of crime and disorder in the District, using data provided by partners and feedback from residents. The assessment identifies the priority issues for the next year using the following rationale for each community safety type:

- Whether there is significant community concern
- Whether there is an increasing trend
- Whether it contributes to a high volume of crime
- The level of harm it causes
- How well it is performing compared with other parts of Kent and similar partnerships nationally
- Whether the Partnership can add value to the work

This Action Plan identifies where we can best work together to achieve results.

Priority Issues for 2016-17

The Strategic Assessment undertaken during the winter of 2014 has identified 8 priorities for the Partnership to tackle during 2016-17. The data referred to in this Action Plan is based on the Strategic Assessment, and uses data between October 2015 - September 2016, unless otherwise stated. Trends in the identified priorities continue to be monitored on a quarterly basis and the first monitoring will be available in July 2016. Crime types are compared with their “Most Similar Groups” a bench marking group set up by the Home Office, of partnerships thought to have similar characteristics.

The 7 priorities, in no particular order, are:

- Anti-Social Behaviour including Environmental Crime
- Acquisitive Crime including Vehicle and Burglary Crime
- Substance Misuse
- Young People’s Issues
- Safeguarding including Child Sexual Exploitation (CSE), Vulnerable Adults and Children, Gangs, Modern Slavery and Human Trafficking and Prevent
- Domestic Abuse
- Road Safety

Although the Partnership’s main focus will be the 7 priorities, it will continue to monitor and plan for trends in crime and other community safety issues and address them through the Community Safety Unit’s daily briefings and other tasking arrangements in order to reduce recorded crime.

The Action Plan

The following pages set out the overall targets for the Community Safety Partnership. The Action Plan does not include details of the numerous activities already undertaken by partners, town and parish councils, the voluntary sector and others as part of their day to day work, but highlights activities in addition to core work, which partners will undertake throughout the forthcoming year. All priorities include actions around public perception and reducing repeat offenders/victims.

Funding and monitoring

Funding for the actions included within the Action Plan is available from a number of sources, including partners' own budgets, Police & Crime Commissioner's (PCC) funding which is allocated to district Community Safety Partnerships, Choosing Health funding and other small amounts of funding from a variety of sources, for example the Kent People's Trust.

Regular monitoring will take place to ensure that individual projects continue to deliver positive results as well as value for money and that this Action Plan is on target.

Equalities

In preparing the action plan, issues such as equality and diversity were considered to ensure that everybody feels safe in the District.

SEVENOAKS DISTRICT COMMUNITY SAFETY PARTNERSHIP – ACTION PLAN 2016-17

SUCCESS MEASURES

All recorded crime

All Victim Based Crime reduced compared with the previous year.

Anti-Social Behaviour

An improvement in behaviour achieved in 80% of cases accepted by the Anti-Social Behaviour Task Group.

75% of Anti-Social Behaviour victims satisfied with action taken.

Young People's issues

Intervention projects and positive media for young people to be maintained.

Acquisitive Crime

Number of dwelling & non dwelling (shed, commercial/retail premises) burglaries to be reduced compared with the previous year.

Number of Vehicle Crimes (Theft of vehicles and Theft from vehicles) to be reduced compared with the previous year.

Safeguarding

Deliver a minimum of four training packages on Prevent

Determine a baseline figure for CSE, Prevent, Gangs, Human Trafficking and Modern Slavery cases in the District

Speeding incl Road Safety

Maintain the number of voluntary speed watches and Police enforcement

Substance Misuse

Substance Misuse Action Plan to be 85% on target

Domestic Abuse

DOMESTIC ABUSE

The District has the lowest number of Domestic Abuse incidents (1184)¹, and repeat victims (302), in Kent over this period. **Please note:** Domestic Abuse incidents are not always reported as violence against the person, if there has been no violence recorded. For example if there were a verbal altercation this would be recorded as a Domestic Abuse Incident and not Violence against the Person and that is why the numbers are different.

Domestic abuse in the Sevenoaks District has risen by 7.6%. Domestic Abuse historically is thought to have been considerably under reported. An increase in reporting is therefore to be welcomed and does not necessarily represent an increase in the actual number of incidents.

It is important to remember that these figures are only representative of domestic abuse that was reported to the Police and it is widely recognised that domestic abuse is often unreported. Kent police figures indicate the rates of domestic abuse for Sevenoaks District have been the lowest in Kent for the past three years.

¹ Apparent inconsistency in annual figures arises from the classification of 'incident'. Domestic abuse 'incidents' are not necessarily violent and can refer to verbal disputes which have been reported to Kent Police; as such, not all incidents make it into statistics for violence against the person .

ACQUISITIVE CRIME - INCLUDING BURGLARY & VEHICLE CRIME

Acquisitive crime consists of Burglary (Dwelling and Burglary Other Than Dwelling) and Vehicle Crime (Theft Of Motor Vehicles and Theft From Motor Vehicles). Although there have been rises and falls throughout the time period, the number of reported crimes are relatively low, but they do sit high in County and MSG comparisons. These types of crime have a high impact on the local community.

Burglary

This period has seen a total of 946 burglary offences - a decrease of 13% (144 offences) compared with figures for same period last year. Burglary is divided into burglary dwelling and burglary other than dwelling (BOTD). Although individually these offences account for a relatively small percentage of total crime in the District (5% and 9% respectively), they are the second highest in our MSG despite the reduction in crimes. The Sevenoaks District ranks much better in County comparisons compared to previous years for Burglary Dwelling as 4th lowest but are still very high for BOTD being 3rd highest in the County. The District has the second highest number of burglary offences in its Most Similar Group.

Vehicle Crime

Vehicle crime has increased slightly by 2% (14 offences), with the District recording 702 reported crimes, but still ranking high, 5th highest in the County and 2nd highest in its Most Similar Group.

Kent Police categorise vehicle crime as Theft from a Motor Vehicle (TFMV) and Theft of a Motor Vehicle (TOMV). The figure for TFMV stands at 521 this period, this is a reduction of 0.76% (4 offences) on same period last year and the District is the 3rd highest in Kent, 2nd worst in MSG. There was an increase of 11% (18 offences) bringing the total number of TOMV to 181 this period, the District still ranks very poorly and comes 5th highest in the County and 3rd highest MSG.

Priority Action		Lead Agency	Other Partners	By When	Funding
ACQUISITIVE CRIME(VEHICLE & BURGLARY)					
2.1	Police to liaise with CSU on Vehicle and Burglary crime on reducing repeat victims. CSU to extend daily every Thursday to address this crimes including reassurance visits and provide crime reduction devices	Police	CSU KCC Wardens PCSOs Housing Assoc	March 2017	Existing Budgets
2.2	Work with the IOM Hub to reduce the number of repeat offenders for Burglary and Vehicle Crime ensuring that support is offered for offenders just released from prison.	Police	CSU	March 2017	Existing Budgets
2.3	Work with Youth Offending Service and IOM on deterring young offenders from re-offending in burglary and vehicle crime	Police YOS	CSU	March 2017	Existing Budgets

2.5	Promote good arrests through Social Media including Twitter and Street Life	Police	CSU	March 2017	Existing Budgets

Anti-Social Behaviour including Environmental Crime

ASB accounts for the second largest recorded issue when compared to individual crime types in the District and makes up 17% of the total recorded figures when included in crime statistics. Figures show 1,122 recorded incidents of ASB occurring within the District and reported to Kent Police; this is the 2nd lowest number of ASB reports in Kent saw a decrease of 7.8% (96 offences).

The total number of calls received by the Council during October 2014 and September 2015 equals 158. This is 12 less calls than the same period last year. ASB is most prominent community safety issue in the Sevenoaks District, (including environmental issues) and will continue to be a priority for the CSP.

The Community Safety Unit (CSU) Daily tasking's meetings dealt with 956 ASB/Community Safety calls from October 2014 - September 2015 as well as 63 risk assessments. All actions were followed up and residents were kept updated in all actions unless they had reported anonymously.

The top wards reporting were Swanley, Edenbridge and Sevenoaks. The top categories were Neighbour Nuisance/Harassment, Nuisance Bikes, Abandoned Vehicles and Fly Tipping.

SDC CCTV

During this last year October 1st 2014 to 30th September 2015 the CCTV control room at Sevenoaks District Council assisted the police with 115 reports for this period; this is the same figure for the same period the previous year. Anti-social behaviour continues to be the highest crime recorded within the CCTV service. The CCTV team saw an increase in Swanley and in Westerham.

West Kent Housing

West Kent received 342 complaints of anti social behaviour for the period 1 October 2014 to 30 September 2015. Increases in reported anti social behaviour for the same period were identified in alcohol related, criminal behaviour, drugs and Hate Related incidents.

SDC Environmental Health

Noise reports to Environmental Protection team October 2014 to September 2015 decreased from 619 to 588 (approx. 5% decrease).

Statistics show that the summer months of June, July and August remain Environmental Health's busiest months. The largest numbers of complaints are concerning loud music and barking dogs (although both have decreased by 3 cases each compared to the previous year).

The largest increase in complaint type is noise from people which may include shouting/arguing, football and children playing. This type of noise report rose by approximately 47%. However this equates to just an additional 16 cases compared to the previous year.

SDC Direct Services

Flytipping has seen a slight rise this year and remains one of the most prominent issues. The Sevenoaks District Direct Services team at SDC saw for the period October 2014- September 2015 1,125 reports of fly tipping (20.7% increase, 193 more reports). It is worth noting that an increase in reports does not necessarily indicate an increase in incidents, with often more than one report per incident.

Abandoned vehicles have increased over the last year, with 178 reports (69 more than same period last year, or an increase of 63.3%) being made to SDC and approx. 10 vehicles being removed. The low proportion of vehicles removed is in the most part due to the vast majority of those vehicles reported either being driven or declared SORN (Statutory off Road Notice) and parked off-road.

Graffiti

Graffiti reports to the Council have decreased by 26% (7 reports) this year with 20 recorded incidents (including offensive graffiti). There were 11 offensive graffiti reports between October 2014 and September 2015 all of which were removed within the 48 hour deadline set by Sevenoaks District Council.

SAFEGUARDING including Child Sexual Exploitation (CSE), Vulnerable Adults and Children, Gangs, Modern Slavery and Human Trafficking and Prevent

Safeguarding includes Young People, Vulnerable Adults, CSE, Modern Slavery, Human Trafficking, Prevent and Gangs.

This issue fell within the other priorities in previous years. This year it has been treated as a separate priority due to new legislation which places a statutory duty on local councils as well as some of the other partner agencies to protect the vulnerable under these crimes. It is also a major contributor to the Kent Police Strategy. These issues are also a community concern especially in recent media coverage.

The only data that has been made available is Counter Terrorism. Levels of threat are very low in the District. There have been 2 referrals made between April 2014 - March 2015 and the District has the 7th lowest number of referrals across Kent.

SUBSTANCE MISUSE

Drugs

Since April 2013, drug offences are no longer recorded in the Victim Based Crime figures released by Kent Police. However, figures collated in iQuanta show total drug offences are down 8.1% (11 offences) with 125 recorded this year.

Kent Police has provided rolling data on Drug Offences and this has also seen a decrease of 3.3% (5 offences from 153 to 148).

1 September 2014 - 31 August 2015 there were a total of 321 hospital admissions from 238 individuals for mental and behavioural disorders due to psychoactive substance use (including alcohol and drugs) in the District. This is the second lowest figure in Kent, but an increase from last year.

Legal Highs

Legal highs are substances that have similar effects to illegal drugs like cocaine or cannabis. They are sometimes called club drugs or new psychoactive substances (NPS).

Many of these drugs are now controlled, but some are still legal to possess. This does not mean they are safe or approved for people to use. Some drugs marketed as legal highs actually contain ingredients that are illegal to possess. Currently there is no baseline data for the Sevenoaks District.

Alcohol

Until recently, alcohol misuse was measured using alcohol attributable hospital admission rates which have been increasing year on year on a District and County level². It is generally felt that these rates no longer accurately reflect alcohol admission trends as some 'attributable' conditions have undergone massive rises in admission rates over recent years.

² Kent has seen a steady increase of alcohol related hospital admissions over the past ten years and alcohol remains the most common substance for those seeking treatment; this year (June 2012 to May 2013) hospital admissions for evidence of alcohol involvement by Blood Alcohol has seen a Countywide increase of 76 (8.2%). Sevenoaks has seen the sharpest rise in numbers during this period (45.5%, 25 additional residents), making a total of 80 alcohol related hospital admissions this year.

Commissioned Services

CRI work closely with a range of partner agencies to improve outcomes for substance misusers. Greensands, a supported housing project in Sevenoaks, is assisted by CRI through the provision of group work and peer support to residents for their substance misuse. A joint working programme has also been developed with Sevenoaks area MIND, to deliver CRI programmes on a weekly basis to Greensands residents and a bi-weekly drop in and referral service for MIND service users. This will facilitate better access to drug and alcohol services for these clients.

Addaction are commissioned by Public Health to deliver services to young people.

The CSP also funds Kenward Trust to deliver Substance Misuse Youth Services Tier 1 and 2. October 14 - September 25 they have engaged with over 350 young people, visited over 20 hotspots that have been a community concern and engaged with schools to deliver substance misuse projects

YOUNG PEOPLE including Cyber Bullying, Online Safety and Positive Projects

There has been a slight increase in the number of youth offenders (under 18 years) within the Youth Offending Service (YOS) for the first time in two years, This District has the 2nd lowest rate in the County and is significantly below the Kent average.

The data provided for bullying incidents across Kent is not consistently recorded so any analysis would be inaccurate. Whilst bullying is undoubtedly an issue for some young people, data is not included in the Assessment due to inconsistent reporting and recording methods.

The Kent Police Safer Schools Officer District posts were ended in May 2014 and a Police Divisional post was set up, with PCSOs attending primary schools and focusing on e-safety.

Sevenoaks District Council has been visiting schools with partner agencies to deliver e-safety and did an e-safety campaign in February 2015 with a poster campaign of which there were over 100 entries from young people.

ROAD SAFETY

Road Traffic Accidents

Throughout Sevenoaks there are major trunk roads i.e. M25/A21 which facilitate the majority of traffic through the District. Unfortunately the figures for major trunk roads and local roads are not available separately and therefore include both local roads and major roads.

The number of KSI casualties recorded in Sevenoaks has increased year on year since 2012 and the figure for 2014 (73) is now above the 2004 to 2008 baseline average (70). Sevenoaks recorded the highest number of fatalities in the county (7), the majority of which were on roads under the responsibility of Highways England.

There were 6 serious and 42 slight child casualties recorded in Sevenoaks in 2014, both of which were higher than the previous 3 years and the 2004 to 2008 baseline average. Sevenoaks and Dartford recorded the highest proportion of car occupant casualties in the county (73%). Sevenoaks and Ashford are the only districts to record a higher proportion of pedal cycle casualties compared to pedestrian casualties.

Speed Watch

Speeding and perception of speed is a high concern for residents across the District and has featured in PACT Panel's action plans.

Speed Watch training has worked well in the District with residents being trained by Kent Police to monitor the speed of vehicles passing through their community

Terms of Reference

The Partnership's terms of reference are to:

- Undertake periodic reviews of community safety in the District and disseminate the findings to the public
- Develop a yearly strategy and action plan to tackle community safety
- Monitor and report progress in meeting the agreed targets and actions
- Secure resources and funding from parent organisations and others for projects to address agreed shared priorities in the Community Safety Action Plan
- Act as a forum for discussion of topical local community safety issues and agree follow up actions if appropriate
- Promote community safety in the District in conjunction with other local organisations and bodies
- Co-ordinate and maintain an overview of all activities relevant to community safety in the District.
