

APPENDIX 2 - FOR ADVICE

Applications for disabled persons' (blue badge) parking bays that met Kent County Council's assessment criteria, including a summary of any representations received during the informal consultation, and Officer comments/recommendations

EDENBRIDGE: Forge Croft opposite Queens Court

INFORMAL CONSULTATION RESPONSES

At the time of production of this report, no objections had been received to the informal consultation.

OFFICERS' COMMENTS/RECOMMENDATION

COMMENTS

The applicant resides at Queens Court, which has private off-street parking, but this is heavily parked and is unsuitable for the applicant's mobility needs, being at the rear of the building. For this reason, the proposed location for the parking bay is opposite the front door of Queens Court on the north side of Forge Croft.

RECOMMENDATION

It is advised that:

In the absence of any objections to the informal consultation, the application be approved, and an interim disabled persons' (blue badge) parking bay be marked.
