HEALTH LIAISON BOARD

Minutes of the meeting held on 25 May 2022 commencing at 2.00 pm

Present: Cllr. Harrison (Chairman)

Cllr Maskell (Vice-Chair)

Cllrs. Perry Cole, Collins and Williams

Apologies for absence were received from Cllrs. Dr. Canet, Barnett and G. Darrington

15. Minutes

Resolved: That the minutes of the meeting held on 3 November 2021 be approved and signed as a correct record.

16. Declarations of Interest

There were none.

17. Actions from Previous Meeting

The action was noted.

18. NHS Kent and Medway CCG - Integrated Care System Update

The Chief Officer - People and Places gave an update on the NHS Kent and Medway Clinical Commissioning Groups (CCG), and Integrated Care System (ICS).

The Kent and Medway CCG was created on 1 April 2020. Beyond its statutory responsibilities the CCG had a central role in supporting and resourcing development of the Kent and Medway ICS. ICSs were being established as part of national proposals to develop integrated care systems. All proposals were subject to the Health and Care Act, which contains a series of measures to formally establish Integrated Care Systems (ICSs). The Act puts ICSs on a statutory footing, empowering them to better join up health and care, improve population health and reduce health inequalities.

The four core purposes of an ICS were to:

- Improve outcomes (population health and care)
- Tackle inequalities in outcomes and access
- Enhance productivity and value for money

Agenda Item 1

Health Liaison Board - 25 May 2022

- Support broader social economic development

Collaborating as ICSs would help health and care organisations tackle complex challenges, including:

- Improving the health of children and young people
- Supporting people to stay well and independent
- Acting sooner to help those with preventable conditions
- Support for those with long-term conditions or mental health issues
- Care for those with multiple needs as populations age
- Get the best from collective resources so people get care as quickly as possible.

An Integrated Care Partnership Sub-Committee would be established which would be responsible for the development of strategies and planning for development and wellbeing. It was hoped that Local Authority's would become engaged as the programme developed.

It was likely that a variety of sub-Committees were to be established to broaden the scope and information for the ICSs.

Resolved: That the Board note the report.

19. West Kent Mind

As a representative for West Kent Mind could not attend, the Chairman, with the Boards agreement deferred the item to a future meeting of the Committee.

Resolved: That the report be deferred to a future meeting.

20. Updates from Members

Cllr Perry Cole had attended Kent County Council's Health, Overview and Scrutiny Committee (HOSC) and gave an update to the Committee on what was discussed. The impact of Covid-19 featured regularly at the Committee meetings. The most recent meeting included an updated Children and Young Persons Mental Health briefing. There was a sizeable increase in the demand for mental health services amongst young people which was likely exacerbated by the pandemic.

GPs surgeries were also discussed at the meeting and standardised opening times as well as telephone communications systems were being looked into by the CCG in order to tackle the problems encountered by residents with their own GP surgeries.

Cllr Perry Cole also explained that there were additional stresses and strains in the South East, especially when it came to attracting and retaining doctors and staff. This was due to the relatively high cost of living in the South East when compared with other parts of the Country and the pull of higher paying jobs in London. Newly qualified doctors were also often quite keen to develop their skill set by moving into specialist roles far earlier in their career rather than remaining in general practice - there were a number of reasons why this could be and the CCG were looking at how the retention of GPs could be enhanced.

Pathology was also discussed at the HOSC. Around 70% of all diagnoses made in the NHS involved pathology. National demand for pathology was estimated to be around 1.2 billion tests per year with approximately 44% originating from primary care. Increases were being observed by individual laboratories and across Kent and Medway approximately thirty-nine million tests were undertaken annually with continued growth.

The Chairman thanked Cllr Perry Cole for his update and the Board expressed a desire for Cllr Cole to continue with his updates at future meetings.

The Chairman updated the Committee on the Run, Push, Walk Against Dementia event which was supported by funding from KCC's Helping Hand fund. The Board expressed thanks to the Officers involved in organising the event including from the Communications, Print Room, Health and Facilities Management Teams. The event saw 300 participants get active to raise funds for dementia. Participants included keen runners and family groups that had been affected by dementia.

21. Work plan

The Work Plan was noted with the following additions:

17 January 2023

- Health And Wellbeing Draft Action Plan 2023-24
- Digital Inclusion - Update From Compaid
- Update On Mental Health from West Kent Mind
- Update On Data For Health Inequality In The District

Summer 2023

- Defibrillators Update
- Update On Data For Dentist NHS Refusals
-

THE MEETING WAS CONCLUDED AT 2.43 PM

KCC PUBLIC HEALTH STRATEGY

Health Liaison Board - 17 January 2023

Report of: Chief Officer - People and Places

Status: For Information

Key Decision: No

Executive Summary: Dr Abraham George will be updating about KCC Public Health Strategy

This reports support the Key Aim of: the Council Plan.

Portfolio Holder: Cllr. Kevin Maskell

Contact Officer(s): Kelly Webb, x 7474

Recommendation to Health Liaison Board:

Members note the update.

Introduction and Background

1. Dr Abraham George will be in attendance to update members on the Public Health Strategy

Key Implications

Financial

There are no financial implications associated with this report.

Legal Implications and Risk Assessment Statement

There are no legal implications associated with this report.

Agenda Item 4

Equality Assessment

Members are reminded of the requirement, under the Public Sector Equality Duty (section 149 of the Equality Act 2010) to have due regard to (i) eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Equality Act 2010, (ii) advance equality of opportunity between people from different groups, and (iii) foster good relations between people from different groups. The decisions recommended through this paper do not directly impact end users.

Net Zero Implications

The decisions recommended through this paper have a remote or low relevance to the council's ambition to be Net Zero by 2030. There is no perceived impact regarding either an increase or decrease in carbon emissions in the district, or supporting the resilience of the natural environment.

Community Impact and Outcomes

KCC Public Health will update on community Impact

Conclusions

For the Board to receive an update on KCC Public Health Strategy.

HEALTH & WELLBEING ACTION TEAM HALF YEAR REPORT

Health Liaison Board - 17 January 2023

Report of: Chief Officer People & Places

Status: For Consideration

Key Decision: No

Executive Summary: Update on the Health & Wellbeing Action Teams Action Plan - 2022-23 Qtr 2.

This report supports the Key Aim of: Community & Corporate Plan

Portfolio Holder: Cllr. Maskell

Contact Officer(s): Kelly Webb, Ext. 7474

Recommendation to Health Liaison Board

To note the report

Introduction and Background

- 1 In May 2021 we were asked by the Portfolio Holder to put this into place and reinstate the HAT but to include Wellbeing, we had an initial meeting with partner organisations and developed the action plan. Due to us being approximately 2 months behind of the start date (April 2021) it was agreed that partners would work on this one through the meetings rather than wait for the following year as we had missed the Cabinet process. The 2022-23 plan was put in place and agreed by the Advisory and Cabinet in January 2022, to be ready to start in April 2022
- 2 Appendix A summarises the second quarter (July - September) of the action plan

Key Implications

Financial

No financial implications arising from this report.

Agenda Item 6

Legal Implications and Risk Assessment Statement.

No legal implications arising from this report.

Equality Assessment

The decisions recommended through this paper have a remote or low relevance to the substance of the Equality Act. There is no perceived impact on end users.

Net Zero Implications

The decisions recommended through this paper have a remote or low relevance to the council's ambition to be Net Zero by 2030. There is no perceived impact regarding either an increase or decrease in carbon emissions in the district, or supporting the resilience of the natural environment

Wellbeing

This document supports wellbeing and looks at this throughout the document.

Conclusions

For the Committee to note the report
