

**RECOMMENDATION FROM ECONOMIC AND COMMUNITY DEVELOPMENT  
ADVISORY COMMITTEE**

- a) NHS – A Call to Action (*Minute 35, Economic and Community Development Advisory Committee – 26 February 2014*)

The Chief Officer, Communities and Businesses advised Members that the NHS call to action was a survey regarding what the Council wanted to see in the NHS. Examples were given of the types of questions which were in the survey. Members agreed that this was something the Health Liaison Board could look at.

Resolved: That the Health Liaison Board be requested to look at the survey questions and a draft responses to be brought back to the Portfolio Holder for Economic and Community Development.
