---

**Reason for recommendation:** To ensure that the Council is measuring performance and setting appropriate targets to support the improvement of its services and to enable the Council to deliver on its vision and promises to the community.

---

#### **Introduction and Background**

- 1 Each year the Council undertakes a thorough review of the performance indicators it adopts and the performance targets it sets to continue to support the improvement of services and to enable the Council to deliver on its vision and promises to the community.
- 2 To ensure that performance management maintains a strong focus on service improvement and is proportionate to the resources available to manage performance monitoring, Officers have undertaken a thorough review of the local performance indicators to be reported against in 2014/15. Resultantly it is recommended that data is collected against 63 local performance indicators.

- 3 For each performance indicator Officers have recommended a performance target for 2014/15. The proposed performance targets reflect Officers' assessment of the available resources to deliver the highest achievable quality of service.

### **Performance Targets**

- 4 The selection of performance indicators and the setting of targets is one element of the Councils Strategic Service Planning process. Service Plans record the vision and priorities for each Council service and the key strategic objectives the service will deliver in the coming year.
- 5 Within the Service Plans, Officers also consider the resources they have available to deliver their objectives and the operational risks that may prevent objectives from being achieved. It is an assessment of these resources and the impact of any savings required of the service that informs the target setting process.
- 6 It remains the Councils ambition to deliver the highest quality services with the resources available to it and to seek new and improved ways of working to ensure that performance targets are exceeded. However, the impact of delivering financial savings is reflected in some of the performance targets recommended by Officers this year.
- 7 Set out at Appendix 1 to this report is a record of all performance indicators proposed by Officers for 2014/15. These are grouped by service and detail year end performance for 2013/14 and the performance target proposed by Officers for this year. The covering page of the appendix summarises both year end performance and the proposed changes to performance indicators and targets for 2014/15.
- 8 Members are asked to review Officers proposals and make recommendations to Cabinet on the performance indicators and targets to be adopted for this financial year.
