

Promoting Independence

Are you getting all the help you need?

Repairs, property improvements or adaptations

Being independent in your own home means more than just having a roof over your head. We offer a range of services and advice for older people and those with disabilities (including children) which helps to keep people living safely in their own homes for as long as they want to.

Did you know Sevenoaks District Council or The Council may be able to provide funding for work to aid independence that can include;

- Improving access to rooms by widening doorways and installing ramps;
- Installing either a stairlift or a through floor lift which are suitable for wheelchair users;
- Adapting bathrooms by installing a flush floor shower;
- Funding bigger projects such as a downstairs extension for the disabled person to use.

If you don't meet the criteria for Council funding, we can sign post and advise on accessing other ways to fund these types of alterations.

Other advice includes information on personal alarm systems (Lifeline), which provide peace of mind by raising the alarm if you need help, as well as information on centres that offer recreational activities and the opportunity to make new friends. There is also advice on welfare benefits and general housing concerns including energy efficiency advice.
