

Item 6 (a) - Calculation of Council Tax Base and other Tax Setting Issues

The attached report was considered by the Cabinet, relevant minute extract below:

Cabinet - 23 January 2017 (Minute 61)

The Principal Accountant presented the report which set out details of the calculation of the District's tax base for council tax setting purposes. These figures were used to determine tax rates for each of the council tax bands once the Council's budget requirement was known. The report also advised Members of the timetable for setting the 2017/18 council tax.

He stated that as part of the budget cycle the Council was required to calculate the council tax base of the district for tax setting purposes for the coming financial year and that the calculation had to be approved by Cabinet and Full Council. He explained that the tax base was determined by converting all property and occupancy data to the equivalent number of band D properties and that this figure was used to calculate the band D charge.

The report showed that the current tax base for 2016/17 was 48,895.68 and the tax base for 2017/18 would be 49,382.42, an increase of 1%. Apart from the increase in the number of dwellings, there was a fluctuation in the number of discounts granted each year.

A collection rate of 99.4% had been included which was the same as the rate used in 2016/17.

Public Sector Equality Duty

Members noted that consideration had been given to impacts under the Public Sector Equality Duty.
