Reason for recommendation: To keep Members updated on the work of the Sevenoaks District Community Safety Partnership.

Introduction and Background

- 1 In 2006, a review of the partnership provisions of the Crime and Disorder Act 1998 and the Police Reform Act 2002 led to a series of recommendations to strengthen and extend existing requirements through the experience gained from partnership working. This resulted in a new set of national minimum standards which came into force in August 2007.
- 2 The 1998 Crime & Disorder Act included the requirement to produce a detailed crime and disorder audit through consultation with key agencies and the wider community and to use the findings to identify strategic priorities and take action to address them. The new national standards placed a legal obligation on responsible authorities to comply with the

specified requirements, one of which was the creation of an annual strategic assessment in place of the previous 3 yearly audit.

- 3 The Sevenoaks District Community Safety Strategy & Action Plan 2018-19 was put in place for the year ended March 2019 and the report attached as Appendix A is a summary of the work that has taken place over the year to deliver that action plan.

Key Implications

Financial

The cost of the action plan itself is minimal. Funding to implement the plan is provided by all partner agencies through their core budgets with additional funding from the PCC (Police & Crime Commissioner) and other external funding streams.

Legal Implications and Risk Assessment Statement.

National Standards require Partnerships to produce an annual action plan which is reviewed and updated annually. The requirement to produce an action plan to take forward a multi-agency approach to community safety stems from the Crime & Disorder Act 1998.

Equality Assessment
