

Audit Committee - Member Development Programme

Introduction

The Programme sets out the continued professional development for Members of the Audit Committee. The topics included in the programme are drawn down directly from the Committee Terms of Reference. In addition, the development programme seeks to provide comprehensive coverage of both those terms and the wider expectations of an Audit Committee as described by CIPFA.

Putting the programme into practice

Invitations - Briefings are designed to support the effective operation of the Audit Committee, however, ensuring effective governance is something that all Members have a role in. Invites for certain briefings will be made available to all Members, at the request of the Chairman.

Resource - Most (if not all) of the briefings can be delivered by our own experienced and qualified officers. If we do not have the skills internally or the areas is specialised, bringing in some external expertise is possible.

Delivery - Briefings are delivered as the first substantive item on the meeting agenda. This maximises attendance and helps to ensure the content is proportionate and focussed.

Timing - Sessions designed to complement future items on the work plan - making suggestions to enable healthy challenge when the reports are considered. I.e. briefing on the audit plan in Jan in advance of the plan approval in March. Briefings for the year are allocated in the first meeting of the Committee in the each new year (July)
