Narrative Report

This Narrative Report seeks to clarify the relationship between the Council's financial statements and other financial information the Council reports externally.

It is the purpose of this report to explain the financial facts and performance of the Council. It follows approved accounting standards and where technical or complex language is required a glossary of key terms can be found at the end of this publication.

1. Introduction

The Statement of Accounts sets out the Council's financial performance for the year and its financial position at the year ended 31 March 2019. It comprises core and supplementary statements, together with disclosure notes. The format and content of the financial statements have been prepared in line with the Code of Practice on Local Authority Accounting in the United Kingdom 2017/18 and the Service Reporting Code of Practice 2018/19

The Core Statements are:

The **Comprehensive Income and Expenditure Statement** – this records all of the Council's income and expenditure for the year. This expenditure represents a combination of:

- services and activities that the Council is required to carry out by law (statutory duties) such as street cleaning, planning and building control; and
- expenditure focussed on local priorities and needs.

The **Movement in Reserves Statement** is a summary of the changes to the Council's reserves over the course of the year. Reserves are divided into "useable", which can be invested in capital projects or service improvements, and "unusable" which must be set aside for specific purposes.

The **Balance Sheet** is a "snapshot" of the Council's assets, liabilities, cash balances and reserves at the year end date.

The **Cash Flow Statement** shows the reason for changes in the Council's cash balances during the year, and whether that change is due to operating activities, new investment, or financing activities (such as repayment of borrowing and other long term liabilities).

The Supplementary Financial Statements are:

The **Annual Governance Statement** which sets out the governance structures of the Council and its key internal controls.

The **Collection Fund** summarises the collection of council tax and business rates, and the redistribution of a proportion of that money to other public authorities and central government.

The **Pension Fund Account** reports the contributions received, payments to pensioners and the value of net assets invested in the Local Government Pension Scheme on behalf of Council employees.

The Notes to these financial statements provide more detail about the Council's accounting policies and individual transactions.

2. Chief Finance Officers' Statement – Adrian Rowbotham

Our vision for Sevenoaks District is to 'sustain and develop a fair, safe and thriving local economy' and throughout the Council we recognise the importance of high quality and innovative financial management to help us achieve our aims.

Our 10-year budget framework, introduced in 2011, continues to give us strong foundations to invest in our District. Last year we set a budget for 2018/19 that continued to reflect our financial self-sufficiency, having achieved this in 2016/17, ahead of our projected timescale. Then, as of now, we were clear that we would continue to need to make savings but we have continued to invest in assets that help us to generate more of our own income. Along with our existing acquisitions, these are already generating strong returns, and helping us to maintain our financial independence.

We continue to be very proud at the recognition we continue to win from our peers regarding the success of our organisation. We were one of the first organisations globally to be awarded Investors in People Platinum in 2015, and retained this status during our reassessment in February 2019. In December 2018 we were winners in the Leadership and Management category at the international Investors in People awards in London.

The Government is continuing to review how Business Rates income will be distributed in the future and as part of that review, Kent was one of the areas that was successful in bidding to be a Business Rates Retention Pilot area in 2018/19. By being part of the pilot, this Council was able to retain an additional £712,000 of Business Rates income which has been transferred to the Budget Stabilisation Reserve for the longer term benefit of the Council. However, the future Business Rates distribution method and the financial effect on this Council remains unclear.

During 2016/17 we began preparations for the construction of a much needed hotel in Sevenoaks town centre; this opened in July 2018, leased to Premier Inn and located adjacent to Sevenoaks station, with 80 rooms. This will benefit the economy of the town centre and provide valuable income for the Council. We have redeveloped an existing car park to take on additional capacity in the town centre renaming it Sevenoaks Town Car Park, recognising that these kind of developments are crucial for people who travel in to work in our businesses in the town centre, as well as those who visit our many attractions and vibrant high street shops. Our Finance Team continue to provide the Council with the financial expertise it requires to meet the challenges ahead of us; our HR team and senior managers continue to maximise opportunities to deploy the Apprenticeship Levy and to fulfil our public sector duty on employing apprentices.

I would like to record my thanks to Members, the Finance team and the many others across the Council that have worked hard to make decisions in light of the financial pressures the Council faces and have ensured that services are delivered and money is managed in line with the budgets that were set. Every year since the introduction of the 10-year budget framework the Council has achieved a budget surplus and this would simply not be possible if we did not all support and believe in the vision we have set.

In the coming year we look forward to supporting the Council to make further progress in delivering its Property Investment Strategy, and to meet the challenges that will be ahead for the sector once more clarity is provided on the terms of leaving the European Union. We aim to provide advice on the most effective way to fund our investments and to continue to provide advice and skills to the Council's trading company, Quercus 7 Limited and the newly incorporated affordable housing company, Quercus Housing Limited.

Adrian Rowbotham

Chief Finance Officer

3. Council Performance

Through the Council's Corporate Plan five promises were made to the District. These are set out below, with a summary of performance outcomes against those targets for the last year.

To provide value for money

In 2018/19 the Council collected 98.2% of the Council Tax (the same as 2017/18) and 98.8% of the business rates (98.9% in 2017/18) due within the year and raised additional income through its Property Investment Strategy which contributed £0.76m to fund the budget. A further £0.31m was raised through other investments.

To work in partnership to keep the District of Sevenoaks safe

- 96% of all the actions in the Council's Community Safety Action Plan were delivered during the year, compared to 92% during 2017/18.

To collect rubbish efficiently and effectively

- The Council continues to provide a weekly collection of all rubbish and recycling to every household in the District
- During 2018/19 the Council recycled 38.4% of all household waste collected. This is above the target of 35%.
- The Council missed only 6.9 waste collections per 100,000 made during 2018/19; this is the same as the previous year and well below the target level of 10.

To protect the Green Belt

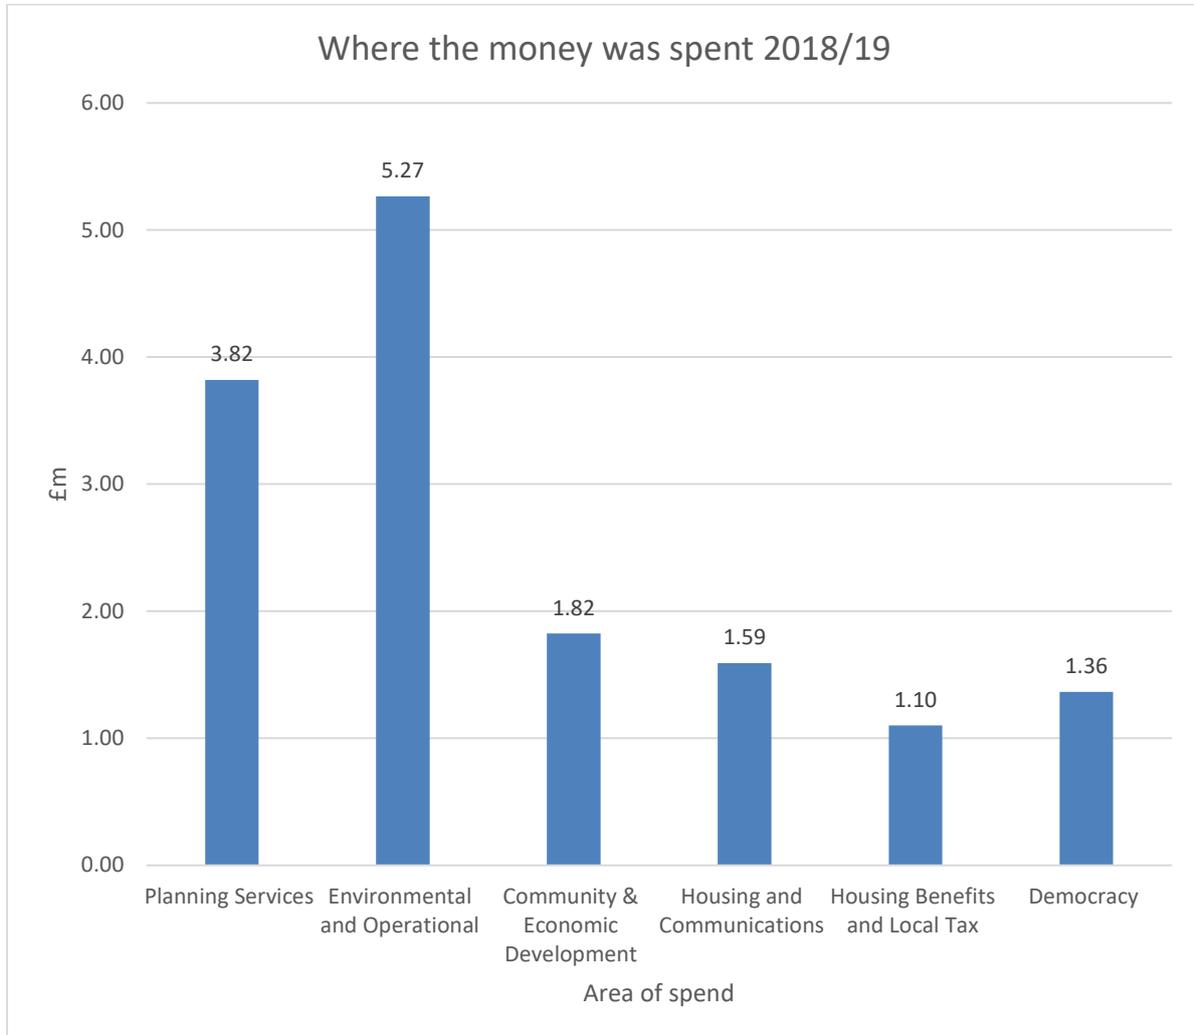

- The 2017/18 Local Plan Authority Monitoring Report shows that 79% of housing units were built outside of the Green Belt (81% in 2017/18). 21% of the gross number of housing units provided were within the Green Belt. Over 70% of these were provided through redevelopment, the majority on an existing employment site, providing 73 housing units.
- The remaining units provided were either replacement units, or the change of use or conversion of existing buildings to residential buildings. All applications were granted in accordance with Green Belt policy and did not impact on the openness of the Green Belt.

To support and develop the local economy

- The number of businesses within the District has increased year on year from a baseline of 6,365 in 2010 to nearly 7,200 in the last year. 5,955 of these are micro businesses employing 9 people or less, which form a significant contribution to the local economy.
- In 2018/19 the Council completed the development of a new 80 room hotel in Sevenoaks town centre, adjacent to the mainline railway station, and leased this to Premier Inn for 25 years, thereby creating a valuable income for the council to support its financial self-sufficiency, and to boost business and the visitor economy in the district in line with our Economic Development Strategy.

As always we will continue to take great pride in the level of service we provide to our customers and aim to provide high quality and accurate budget monitoring reports and financial statements that meet the needs of all that use them.

Chart 1: The chart below illustrates where we spent our money, by service, in 2018/19

4. Corporate Risk

A risk management strategy is in place to support the Council to identify and evaluate risks. There are clearly defined steps to support better decision making through the understanding of risks, whether a positive opportunity or a threat and the likely impact. Below are the main risks from the Council's strategic risk register dated October 2018.

Risk	Potential Effects	Gross Risk Rating	Internal Controls	Net Risk Score
Finance Ability to deliver a balanced budget	- Poor financial health - Inability to maintain services and deliver Council Vision and Promises - Reputational damage - Poor outcome for the Audit of Accounts or Value for Money assessment	20 High	<ul style="list-style-type: none"> • Self-sufficient budget position; no reliance on direct government funding • Long term 10 year budget framework • Savings Plan • Property Investment Strategy • Strong financial and scenario planning over the short, medium and long term • Effective financial governance including reports to FAC, Cabinet, Audit Committee and Scrutiny Committee 	10 Medium
Property Investment Strategy Failure to identify opportunities to meet the Property investment Strategy	- Lack of diversity in investments - Cost of interest payments - Negative impact on budgets reserves and the ability to deliver Council projects - Poor financial health - Unable to maintain low increases in council tax levels - Reputational damage - Poor outcome for the Audit of Accounts or Value for Money Assessment and potential for	16 High	<ul style="list-style-type: none"> • Council approved Property Investment Strategy • Governance arrangements defined with appropriate delegations agreed • Qualified and experienced officers in post • Professional, external advisers engaged to support the development of strategies and fill skills gaps 	9 Medium

	increased intervention		<ul style="list-style-type: none"> • Effective budget setting and financial monitoring processes embedded • Regular Quercus 7 Board and Trading Board meetings – including • regular review of investment parameters to monitor market fluctuations 	
<p>Knowledge, capacity & culture Management of the Council’s human resources fails to protect the Council’s culture, making it difficult to address gaps in capacity and knowledge</p>	<ul style="list-style-type: none"> - Reduced productivity - Reduced quality of staff and work / services - Unable to recruit or retain high quality staff - Unable to continue to deliver the range and quality of services currently experienced - Skills gaps that inhibit the ability to deliver Council projects - Reputational damage as an employer and a service provider 	16 High	<ul style="list-style-type: none"> • 10 year budget minimises the need for short notice changes to the workforce • Human Resources Strategy including workforce development plan, recruitment and retention policies • Investors in People Platinum status demonstrates the Council is a high quality employer 	8 Medium
<p>Legal compliance, governance & ethics The ability to recognise and adapt to changes in legislation and to deliver proper governance, scrutiny and internal control to protect the Council from poor practice and mismanagement</p>	<ul style="list-style-type: none"> - Ineffective political and management leadership - Ineffective scrutiny of decision making and performance - Failure to fulfil statutory duties - Failure to maximise the opportunities changes to legislation may bring 	12 Medium	<ul style="list-style-type: none"> • Dedicated Lexcel accredited Legal team with qualified and experienced officers in place • Council’s Constitution • Internal Audit function complies with Public Sector Internal Audit Standards • Risk Management processes embedded 	6 Low

5. Financial Performance

Operating Environment

Since 2010 Sevenoaks District Council has faced significant financial challenges due to reductions in funding from central government along with cost pressures within services and greater volatility in financing. This challenging environment is on-going and includes additional uncertainty regarding the detail of the terms of leaving the European Union, which still remains unclear over 2 years since the vote to Leave.

The Council continuously reviews the environment it operates within, seeking to develop a stronger understanding of the financial opportunities and challenges it faces. Since 2010/11, the local government sector as a whole has faced a real term reduction in government funding of 49.1% to 2017/18, and a 28.6% real term reduction in spending power during the same period.

The previous Government had begun consultation on the plan for local government to retain 100% of business rate revenues to fund local services to take effect from April 2021. The Local Government Finance Bill did not complete its passage through the previous parliament and has not been introduced during this one. The Government's plan for the long term funding of local government therefore remains unclear.

Although we are now financially self-sufficient, the long term challenges have not disappeared. We still need to make savings and efficiencies within the context of our 10-year budget. Sevenoaks District is 93% Green Belt. This means there is little space to build or develop new business space. This equally applies to the Council's ability to provide more housing which limits the amount by which the Council can increase its income from New Homes Bonus, which is currently subject to review by Government, or from growth in council tax receipts linked to each new home.

Financial conditions also mean that the Council must work hard to retain and recruit the very best people as what can be provided in salary is contained within national terms and conditions. It has become evident over the past two years that attracting high quality staff is increasingly challenging. However, our commitment to being a great place to work is underlined by the fact the Council has become the first public sector organisation in the country to retain the Investors in People Platinum Award. Our focus on our people has never been greater and continuing to maintain this will be critical to the Council's future success.

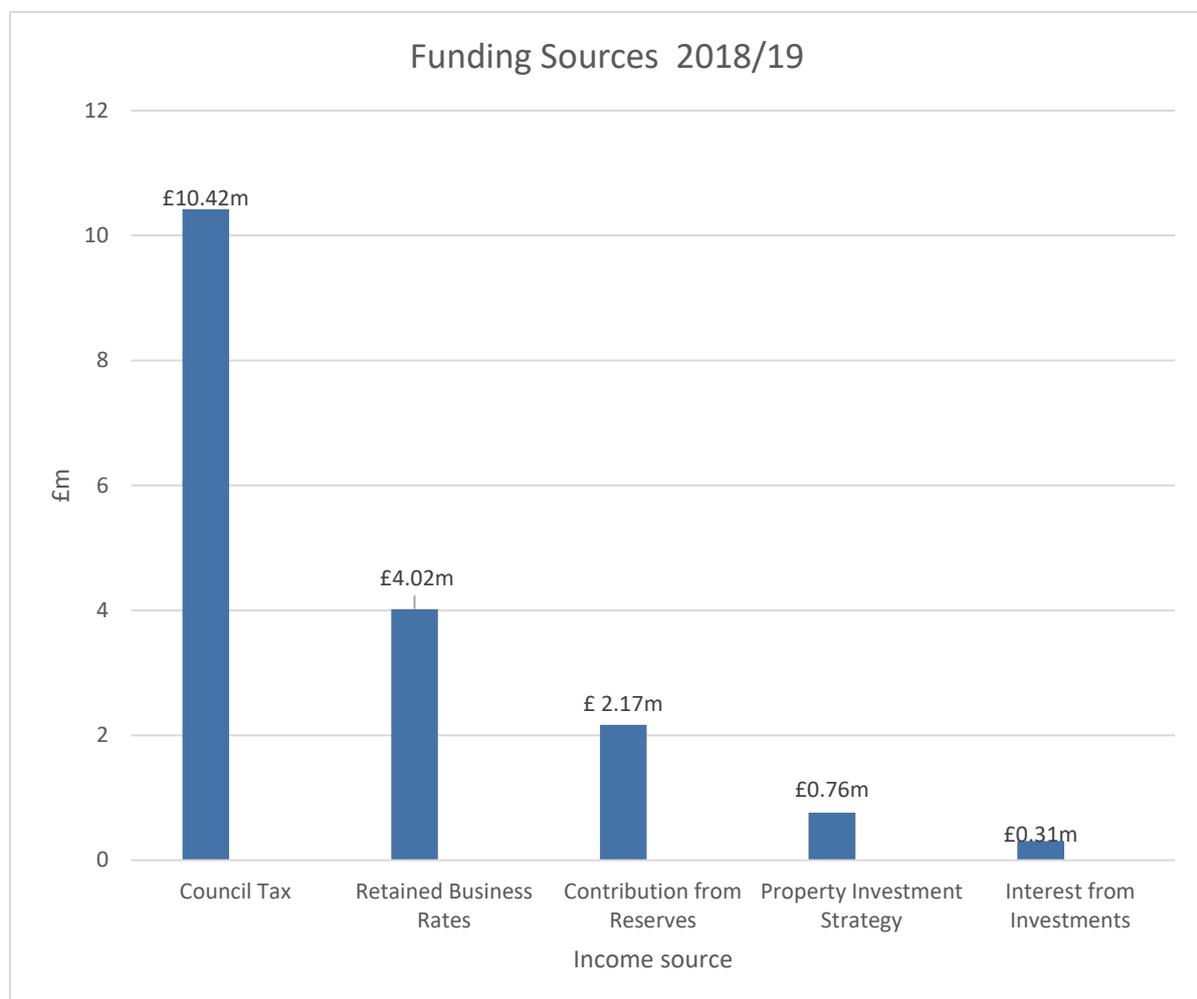

Revenue

Sevenoaks District Council set its budget for 2018/19 at a meeting of the Council on 20 February 2018. Overall, the Council's net revenue budget has increased from £14.470m in 2017/18 to £14.687m in 2018/19.

The final outturn position is a surplus of £85,000 as approved by Cabinet, this balance was transferred to the Budget Stabilisation Reserve to support future budgets, leaving a nil movement on the General Fund Reserve. There were no material events after the reporting period.

The adoption of the 10-year budget over the last seven years has resulted in a much more stable budget position than had previously been achieved. The aim of the ten year budget is to meet the primary financial objective of reducing reliance on reserves, whilst enabling the Council to invest in priority services.

Chart 2: The chart below illustrates where the Council received the money it spends.

Capital & assets

Table 1: The table below shows the net capital budget over the period of 2018 to 2023 by service area.

Service area & schemes	Funding Source	2018/19	2019/20	2020/21	2021/22	2022/23

Internal Borrowing	4,487	2,253	(6,740)		
Capital Reserve (from Revenue)	445	148	148		
External Borrowing	1,550				
Total	12,980	13,079	6,649	16,758	1,663

* Part will be funded from Capital Receipts, Reserves, Internal Borrowing and External Borrowing.

The introduction of the fair value accounting policy has been implemented in the production of the 2018/19 Statement of Accounts. This is a significant change in accounting policy.

Further details are provided in Note 2 of the Core Financial Statements.

Borrowing & Investments

During the 2018/19 year the Council internally borrowed £6.8m to fund the redevelopment of the Buckhurst 2 car park in Sevenoaks town centre and a new hotel adjacent to the train station. Both of these have now been completed; the car park is providing increased parking capacity in the town centre, and the 80 room hotel provides not only modern accommodation for guests who contribute to the visitor economy of the district, but income for the Council via the lease to Premier Inn.

The Council's existing investments including office accommodation at Pembroke Road, Swanley petrol filling station, Suffolk Way and retail accommodation at 96 The High Street, are all tenanted and the rents received are assisting to maintain the Council's financial self-sufficiency in response to the removal of government grant contributions to the Council.

Cash flow

The Cash Flow Statement shows the changes in cash and cash equivalents during the reporting period.

At 31 March 2018 the Council held £7.4m in cash and cash equivalents.

At 31 March 2019 the Council held £2.8m in cash and cash equivalents.

The reduction is attributable to the long term investment in property assets set out above and is in line with the Financial Strategy.

Contingencies

The Council's significant provision relates to Business Rates valuation appeals. Following Business Rates localisation, introduced in 2013, the Council has to set aside a provision for any future successful ratepayer appeals against rateable valuations.

Business rates – valuation appeals provision	£2.232m at 31 March 2018	£2.547m at 31 March 2019
---	---------------------------------	---------------------------------

Pensions

The Council participates in the Local Government Pension Scheme, administered by Kent County Council. This is a funded defined benefit final salary scheme, meaning that the council and employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets.

The Council has net pension liabilities of £87.5m at 31 March 2019 compared to £91.4m at 31 March 2018 in the Balance Sheet. This reflects the value of pension liabilities which the Council is required to pay in the future as they fall due, offset by the value of assets invested in the pension fund.

The Council's pension fund has to be revalued every three years to set future contribution rates. The last valuation was in 2016.

STATEMENT OF RESPONSIBILITIES FOR THE STATEMENT OF ACCOUNTS

The Authority's Responsibilities

The Authority is required to:

- make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Authority, that officer is the Chief Finance Officer;
- manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets;
- approve the Statement of Accounts.

The Chief Finance Officer's Responsibilities

The Chief Finance Officer is responsible for the preparation of the Authority's Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

In preparing this Statement of Accounts, the Chief Finance Officer has:

- selected suitable accounting policies and applied them consistently;
- made judgments and estimates that were reasonable and prudent;
- complied with the local authority Code.

The Chief Finance Officer has also:

- kept proper accounting records which were up to date;
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

Chief Finance Officer's Certificate

The Accounts present a true and fair view of the financial position as at 31 March 2019 and its income and expenditure for the year ended on that date.

ADRIAN ROWBOTHAM
Chief Finance Officer

COMPREHENSIVE INCOME AND EXPENDITURE STATEMENT

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in both the Expenditure and Funding Analysis and in the Movement in Reserves Statement.

Comprehensive Income and Expenditure Statement

2017/18			2018/19

MOVEMENT IN RESERVES STATEMENT

The Movement in Reserves Statement shows the movement from the start of the year to the end on the different reserves held by the authority, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and other 'unusable' reserves. The Movement in Reserves statement shows how the movements in year of the Authority's reserves are broken down between gains and losses incurred in accordance with generally accepted accounting practices and the statutory adjustments required to return to the amounts chargeable to Council Tax for the year. The Net Increase/Decrease line shows the statutory General Fund Balance movements in the year following those adjustments.

The CIPFA Code of Local Authority Accounting in 2018/19 requires the total General Fund Balance be presented. In the past it was recommended that Earmarked General Fund Reserves be separately presented.

BALANCE SHEET

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the authority. The net assets of the authority (assets less liabilities) are matched by the reserves held by the authority.

Adrian Rowbotham
Chief Finance Officer
18 July 2019

COUNCIL APPROVAL

The Audit Committee at its meeting on 18 July 2019, approved the Statement of Accounts for the year end 31 March 2019 in accordance with the Accounts and Audit Regulation 2011.

Councillor P McGarvey
Chairman of the Audit Committee
18 July 2019

THE CASH FLOW STATEMENT

The Cash Flow Statement shows the changes in cash and cash equivalents of the authority during the reporting period. The statement shows how the authority generates and uses cash and cash equivalents by classifying cash flows as Operating, Investing and Financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the authority are funded by way of taxation and grant income or from the recipients of services provided by the authority. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the authority's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the authority.

2017/18 £'000	Note		2018/19 £'000
4,806		Net (surplus) or deficit on the provision of services	(2,404)
(10,122)	21	Adjustments to net (surplus) or deficit on the provision of services for non-cash movements	1,207
1,158	21	Adjustments for items included in the net (surplus) or deficit on the provision of services that are investing and financing activities	1,848
(4,158)		Net cash flows from operating activities	651

2,088		Net (increase) or decrease in cash and cash equivalents	4,672
(9,533)		Cash and cash equivalents at the beginning of the reporting period	(7,445)
(7,445)	15	Cash and Cash Equivalents at the end of the reporting period	(2,773)

NOTES TO THE CORE FINANCIAL STATEMENTS

Note 1. EXPENDITURE AND FUNDING ANALYSIS

The Expenditure and Funding Analysis shows how annual expenditure is used and funded from resources (government grants, rents, council tax and business rates) by local authorities in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision making purposes between the council's services

Note 2. Accounting Policies

2.1 General Principles

The Statement of Accounts summarises the Authority's transactions for the 2018/19 financial year and its position at the year end of 31 March 2019. The Authority is required to prepare an annual Statement of Accounts by the Accounts and Audit (England) Regulations 2015, which those regulations require to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2018/19 and the Service Reporting Code of Practice 2018/19, supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

2.2 Accruals of Income and Expenditure

The revenue accounts of the Council are maintained on an accruals basis in accordance with the Code of Practice. That is, sums due to or from the Council during the year are included whether or not the cash has actually been received or paid in the year.

Exceptions to this are payments of regular quarterly accounts (e.g. telephones, electricity) and Penalty Charge Notice income. This policy is consistently applied each year and therefore does not have a material effect on the year's accounts. Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Revenue from contracts with service recipients, whether for services or the provision of goods, is recognised when (or as) the goods or services are transferred to the service recipient in accordance with the performance obligations in the contract.
- Revenue from the provision of services is recognised when the authority can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption, they are carried as inventories on the Balance Sheet.
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.
- Where income and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet.
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected. This policy applies to contractual debt as well as to statutory debt for Council Tax, Non-Domestic Rates and overpayments of Housing Benefit.

2.3 Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in three months or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value. The officer responsible for Treasury Management has categorised items on the balance sheet as cash equivalents on this basis.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Authority's cash management.

2.4 Prior Period Adjustments, Changes in Accounting Policies and Estimates and Errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Authority's financial position or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

2.5 Charges to Revenue for Non-Current Assets

Service revenue accounts, central support services and trading accounts are debited with the following amounts to record the real cost of holding non-current assets during the year:

- Depreciation attributable to the assets used by the relevant service;
- Revaluation and impairment losses on assets used by the service, where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off;
- Any subsequent reversal of such losses;
- The annual amortisation of intangible fixed assets attributable to the service.
- Any revenue costs which are met from capital resources as Revenue Expenditure Funded from Capital under Statute (REFCUS – see 2.19 below)

The Council is not required to raise Council Tax to fund depreciation, revaluation and impairment losses or amortisation, and they are therefore reversed through appropriations from the Capital Adjustment Account to the General Fund. However, the Council is required to make an annual contribution from revenue resources to the Capital Adjustment Account to reduce its overall borrowing requirement. This is termed the Minimum Revenue Provision (MRP).

2.6 Council Tax and Non-domestic Rates

Billing authorities act as agents, collecting council tax and non-domestic rates (NDR) on behalf of the major preceptors (including government for NDR) and, as principals, collecting council tax and NDR for themselves. Billing authorities are required by statute to maintain a separate fund (i.e. the Collection Fund) for the collection and distribution of amounts due in respect of council tax and NDR. Under the legislative framework for the Collection Fund, billing authorities, major preceptors and central government share proportionately the risks and rewards that the amount of council tax and NDR collected could be less or more than predicted.

Accounting for Council Tax and NDR

The council tax and NDR income included in the Comprehensive Income and Expenditure Statement (CIES) is the authority's share of accrued income for the year. However, regulations determine the amount of council tax and NDR that must be included in the authority's General Fund. Therefore, the difference between the income included in the CIES and the amount required by regulation to be credited to the General Fund is taken to the Collection Fund Adjustment Account and included as a reconciling item in the Movement in Reserves Statement.

The Balance Sheet includes the authority's share of the end of year balances in respect of council tax and NDR relating to arrears, impairment allowances for doubtful debts, overpayments and prepayments and appeals.

Where debtor balances for the above are identified as impaired because of a likelihood arising from a past event that payments due under the statutory arrangements will not be made (fixed or determinable payments), the asset is written down and a charge made to the Financing and Investment Income and Expenditure line in the CIES. The impairment loss is measured as the difference between the carrying amount and the revised future cash flows.

2.7 Provisions Contingent Assets and Liabilities

Provisions

Provisions are made where an event has taken place that gives the authority a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. For instance, the authority may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement when the authority has an obligation, and are measured at the best estimate at the Balance Sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year – where it becomes less than probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service.

Where some or all of the payment required to settle a provision is expected to be recovered from another party (e.g. from an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the authority settles the obligation.

Contingent Liabilities

A contingent liability arises where an event has taken place that gives the authority a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the authority. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

Contingent Assets

A contingent asset is a possible asset that arises from a past event and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Council. Typically a contingent asset is related to a legal action by the Council, whose outcome is uncertain when the balance sheet is compiled.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

2.8 Employee Benefits

Benefits Payable During Employment

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits for current employees and are recognised as an expense for services in the year in which employees render service to the Authority. An accrual is made for the cost of holiday entitlements (or any form of leave) earned by employees but not taken before the year-end which employees can carry forward into the next financial year. The accrual is charged to Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the authority to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy in exchange for those benefits and are charged on an accruals basis to the appropriate service segment or, where applicable, to a corporate service segment at the earlier of when the authority can no longer withdraw the offer of those benefits or when the authority recognises costs for a restructuring.

When termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by the Authority to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amount payable but unpaid at the year-end.

Post-employment Benefits

International Accounting Standard 19 became effective from the accounting period starting after 1 January 2013. This standard relates to Pensions and details of the impact of this are recorded in Note 35.

Employees of the Authority are members of the Local Government Pension Scheme, administered by Kent County Council. The scheme provides defined benefits to members (retirement lump sums and pensions), earned as employees working for the Authority.

The Local Government Scheme is accounted for as a defined benefits scheme:

The liabilities of the Kent County Council Pension Fund attributable to the Authority are included in the Balance Sheet on an actuarial basis using the projected unit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc., and projections of projected earnings for current employees.

The liabilities are valued using a discount rate being the annualised yield. This started at 20 years on the Merrill Lynch AA-rated Corporate bond yield curve which was chosen to meet the requirements of IAS19 and with consideration of the Employers liabilities and is reduced annually as detailed in Note 35.

The assets of the Kent County Council Pension Fund attributable to the Authority are included in the Balance Sheet at their fair value:

- quoted securities – current bid price
- unquoted securities – professional estimate
- unitised securities – current bid price
- property – market value.

A revised IAS19 statement applied for company accounting periods beginning on or after 1 January 2013 and the main changes that arose from that standard are:

The expected return on assets has been replaced by a net interest cost comprising interest income on the assets and interest expense on the liabilities, which are both calculated with reference to the discount rate.

Some labelling changes to the Profit and Loss change e.g. Service costs now include what were previously described as 'Current Service Costs' plus the 'Past Service cost' plus 'Curtailments' plus 'Settlements'. Administration expenses are now accounted for within the Profit and Loss charge, where previously they were a deduction to the actual and expected return on assets.

The change in the net pensions liability is analysed into components of service cost:

- Current service cost – the increase in liabilities as a result of years of service earned this year, allocated in the Comprehensive Income and Expenditure Statement to the service for which the employees worked.
- Past service cost – the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years. Past service costs include the cost of curtailments, which are normally linked to an event giving rise to a post employment benefit. Past service costs are debited to the Non-Distributed Costs line in the Comprehensive Income and Expenditure Statement
- Net interest on the defined liability – the change to the net pension liability that arises from the passage of time during the year. This is charged to the Financing and Investment Income and Expenditure section of the Comprehensive Income and Expenditure Statement.
- Contributions by scheme participants, which increase plan liabilities, but correspondingly increase plan assets, and are therefore not reflected in the Comprehensive Income and Expenditure Statement
- Remeasurements – changes in the present value of the net pensions liability, resulting from:
 - the return on plan assets, excluding the amounts included in net interest.
 - experience adjustments (the differences between the previous actuarial assumptions and what has actually occurred).
 - the effects of changes in actuarial assumptions
- Benefits paid, which reduce plan assets, but correspondingly reduce its liabilities, and are therefore not reflected in the Comprehensive Income and Expenditure Statement

- Contributions paid to the Kent County Council Pension Fund – the employer’s contributions to the pension fund for the financial year, chargeable to the General Fund, but not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the Authority to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Discretionary Benefits

The Authority also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

2.9 Events After the Reporting Period

Events after the reporting period are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events;
- those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

2.10 Financial Instruments

Financial liabilities are recognised on the Balance Sheet when the authority becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and are carried at their amortised cost. This includes trade creditors and loans.

Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement (CIES) for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

For most of the borrowings that the authority has, this means that the amount presented in the Balance Sheet is the outstanding principal repayable (plus accrued interest); and interest charged to the CIES is the amount payable for the year according to the loan agreement.

Financial Assets

Financial assets are classified based on a classification and measurement approach that reflects the business model for holding the financial assets and their cashflow characteristics. There are three main classes of financial assets measured at:

- amortised cost
- fair value through profit or loss (FVPL), and
- fair value through other comprehensive income (FVOCI)

The authority's business model is to hold investments to collect contractual cash flows. Financial assets are therefore classified as amortised cost, except for those whose contractual payments are not solely payment of principal and interest (i.e. where the cash flows do not take the form of a basic debt instrument).

Financial Assets Measured at Amortised Cost

Financial assets measured at amortised cost are recognised on the Balance Sheet when the authority becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement (CIES) for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the financial assets held by the authority, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the CIES is the amount receivable for the year in the loan agreement.

Financial Assets Measured at Fair Value through Profit or Loss

Financial assets that are measured at FVPL are recognised on the Balance Sheet when the authority becomes a party to the contractual provisions of a financial instrument and are initially measured and carried at fair value. Fair value gains and losses are recognised as they arrive in the Surplus or Deficit on the Provision of Services.

The fair value measurements of the financial assets are based on the following techniques:

- instruments with quoted market prices – the market price
- other instruments with fixed and determinable payments – discounted cash flow analysis.

The inputs to the measurement techniques are categorised in accordance with the following three levels:

- Level 1 inputs – quoted prices (unadjusted) in active markets for identical assets that the authority can access at the measurement date.
- Level 2 inputs – inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly.
- Level 3 inputs – unobservable inputs for the asset.

Financial Assets Measured at Fair Value through other comprehensive income

Financial assets that are measured at FVOCI are recognised on the Balance Sheet when the authority becomes a party to the contractual provisions of a financial instrument and are initially measured and carried at fair value. Movements in amortised cost are debited or credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement (CIES). Fair value gains and losses are debited or credit to Other Comprehensive Income and Expenditure. Cumulative gains or losses on fair value of financial assets measured at FVOCI are transferred to the General Fund Balance on derecognition of the assets.

Expected Credit Loss Model

The authority recognises expected credit losses on all of its financial assets held at amortised cost [or where relevant FVOCI], either on a 12-month or lifetime basis. The expected credit loss model also applies to lease receivables and contract assets. Only lifetime losses are recognised for trade receivables (debtors) held by the authority.

2.11 Government Grants and Contributions

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Authority when there is reasonable assurance that:

- the Authority will comply with the conditions attached to the payments, and
- the grants or contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income and Expenditure Statement until conditions attached to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset acquired using the grant or contribution are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as liabilities. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants and contributions) or Taxation and Non-Specific Grant Income (non-ring-fenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Grants and contributions towards specific services for revenue purposes are credited against the appropriate line in the Cost of Services, but if grants and contributions are not related to specific services they are credited as Taxation and Non-Specific Grant Expenditure and Income, along with all grants and contributions receivable towards investment in non-current assets. As these capital grants and contributions are not properly credited to the General Fund, an equivalent appropriation is made from the General Fund into the Capital Grants Unapplied Reserve, which is set aside for the financing of capital investment. When it has been applied for financing it is transferred to the Capital Adjustment Account.

2.12 Community Infrastructure Levy

The authority has elected to charge a Community Infrastructure Levy (CIL). The levy will be charged on new builds (chargeable developments for the authority) with appropriate planning consent. The Council charges for and collects the levy, which is a planning charge. The income from the levy will be used to fund a number of infrastructure projects to support the development of the area.

CIL is received without outstanding conditions; it is therefore recognised at the commencement date of the chargeable development in the Comprehensive Income and Expenditure Statement in accordance with the accounting policy for government grants and contributions as set out in 2.11. CIL charges will be largely used to fund capital expenditure. However, a small proportion of the charges may be used to fund revenue expenditure.

2.13 Inventories

Stocks are valued at cost. This is a departure from the requirements of the Code which require inventories to be shown at cost or net realisable value if lower; the effect of the different treatment is immaterial.

2.14 Investment Property

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods held for sale.

Investment properties are measured initially at cost and subsequently at fair value, being the price that would be received to sell such an asset in an orderly transaction between market participants at the measurement date. As a non-financial asset, investment properties are measured at highest and best use. Properties are not depreciated but are revalued annually according to market conditions at the year-end. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rentals received in relation to investment properties are credited to the Financing and Investment Income line and result in a gain for the General Fund Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

2.15 Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

The Authority as Lessee

Finance Leases

Property, plant and equipment held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the Authority are added to the carrying amount of the asset. Premiums paid on entry into a lease are applied to writing down the lease liability. Contingent rents are charged as expenses in the periods in which they are incurred.

Lease payments are apportioned between:

- a charge for the acquisition of the interest in the property, plant or equipment – applied to write down the lease liability, and

- a finance charge (debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

Property, Plant and Equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the assets estimated useful life (where ownership of the asset does not transfer to the authority at the end of the lease period).

The Authority is not required to raise council tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual contribution is made from revenue funds towards the deemed capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment losses are therefore substituted by a revenue contribution in the General Fund Balance by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

The Authority as Lessor

Finance Leases

Where the Authority grants a finance lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal. At the commencement of the lease, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. A gain, representing the Authority's net investment in the lease, is credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal), matched by a lease (long-term debtor) asset in the Balance Sheet.

Lease rentals receivable are apportioned between:

- a charge for the acquisition of the interest in the property – applied to write down the lease debtor (together with any premiums received), and
- finance income (credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

The gain credited to the Comprehensive Income and Expenditure Statement on disposal is not permitted by statute to increase the General Fund Balance and is required to be treated as a capital receipt. Where a premium has been received, this is posted out of the General Fund Balance to the Capital Receipts Reserve in the Movement in Reserves Statement. Where the amount due in relation to the lease asset is to be settled by the payment of rentals in future financial years, this is posted out of the General Fund Balance to the Deferred Capital Receipts Reserve in the Movement in Reserves Statement. When the future rentals are received, the element for the capital receipt for the disposal of the asset is used to write down the lease debtor. At this point, the deferred capital receipts are transferred to the Capital Receipts Reserve.

The written-off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are therefore appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Operating Leases

Where the Authority grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement.

Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

2.16 Overheads and Support Services

The costs of overheads and support services are charged to service segments in accordance with the authority's arrangements for accountability and financial performance.

2.17 Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Authority and the cost of the item can be measured reliably. Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (i.e. repairs and maintenance) is charged as an expense when it is incurred. A de-minimis level of £15,000 has been applied.

Measurement

Assets are initially measured at cost, comprising:

- the purchase price
- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The Authority does not capitalise borrowing costs incurred whilst assets are under construction.

The cost of assets acquired other than by purchase is deemed to be its fair value, unless the acquisition does not have commercial substance (i.e. it will not lead to a variation in the cash flows of the Authority). In the latter case, where an asset is acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the Authority.

Assets are then carried in the Balance Sheet using the following measurement basis:

- infrastructure, community assets and assets under construction - depreciated historical cost
- surplus assets – the current value measurement base is fair value, estimated at the highest and best use from a market participant's perspective.
- all other assets – current value determined as the amount that would be paid for the asset in its existing use (existing use value – EUV);

Where there is no market-based evidence of existing use value because of the specialist nature of an asset, depreciated replacement cost (DRC) is used as an estimate of current value.

Where non-property assets that have short useful lives or low values (or both), depreciated historical cost basis is used as a proxy for current value

Assets included in the Balance Sheet at current value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their current at the year-end, but as a minimum every five years. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. [Exceptionally, gains might be credited to the Surplus or Deficit on the Provision of Services where they arise from the reversal of a loss previously charged to a service.

Where decreases in value are identified, they are accounted for in the following ways:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains);
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

Impairment

Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for :

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains);
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use (i.e. assets under construction).

Depreciation is calculated on the following basis:

- dwellings and other buildings – straight-line allocation over the useful life of the property as estimated by the valuer.
- vehicles, plant, furniture and equipment – a percentage of the value of each class of assets in the Balance Sheet, as advised by a suitably qualified officer.
- infrastructure – straight-line allocation over 25 years.

Where an item of Property, Plant and Equipment has major components whose cost is significant in relation to the total cost of the item, the components are depreciated separately.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

Disposals and Non-current Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any previous losses recognised in the Surplus or Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to non-current assets and valued at the lower of their carrying amount before they were classified as held for sale; adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as Held for Sale, and their recoverable amount at the date of the decision not to sell.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale.

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for a disposal in excess of £10,000 are categorised as capital receipts. A proportion of receipts relating to housing disposals (75% for dwellings, 50% for land and other assets, net of statutory deductions and allowances) is payable to the government. The balance of receipts is required to be credited to the Capital Receipts Reserve and can then only be used for new capital investment or set aside to reduce the authority's underlying need to borrow. Receipts are appropriated to the Reserve from the General Fund Balance in the Movement in Reserves Statement.

The written-off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

2.18 Reserves

The Authority sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by transferring amounts out of the General Fund Balance. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then transferred back into the General Fund Balance so that there is no net charge against council tax for the expenditure.

Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments, local taxation, retirement and employee benefits and do not represent usable resources for the Authority - these reserves are explained in the relevant policies.

2.19 Revenue Expenditure Funded from Capital under Statute (REFCUS)

Expenditure incurred during the year that may be capitalised under statutory provisions but does not result in the creation of a non-current asset (for example, Disabled Facilities Grants) has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Authority has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so there is no impact on the level of council tax.

2.20 Value Added Tax (VAT)

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs (HMRC). VAT receivable is excluded from income.

2.21 Heritage Assets

Heritage Assets are recognised and measured (including the treatment of revaluation gains and losses) in accordance with the Council's accounting policies for Property, Plant and Equipment as set out in policy 2.17.

At present the Council has no material heritage assets.

2.22 Fair Value Measurement

The authority measures some of its non-financial assets such as surplus assets and investment properties and some of its financial instruments such as equity shareholdings at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The authority measures the fair value of an asset or liability using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

When measuring the fair value of a non-financial asset, the authority takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The authority uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Inputs to the valuation techniques in respect of assets and liabilities for which fair value is measured or disclosed in an authority's financial statements are categorised within the fair value hierarchy, as follows:

- Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities that the authority can access at the measurement date.
- Level 2 - inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 - unobservable inputs for the asset or liability.

2.23 Group Accounts

Group accounts will be prepared in accordance with IFRS 10 (consolidated financial statements) and IFRS 12 (disclosure of interests in other entities).

Note 3. Accounting Standards that have been issued but not yet adopted.

There are no new standards that have been issued but not yet adopted which, when adopted, are expected to have a material impact on the Council's financial statements.

Note 4. Critical Judgements in Applying Accounting Policies

In applying the accounting policies, the Authority has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

- There is much uncertainty about future levels of funding for local government. However, the Authority has determined that this uncertainty is not sufficient to provide an indication that the assets of the Authority might be impaired as a result of any need to close facilities or reduce levels of service provision.
- An assessment has been made of the potential liability of valuation appeals arising from business rate premises in respect of monies received by the Council up to 31 March 2019. This provision is based on information received from the Valuation Office Agency. Further details are shown within the notes to the Collection Fund.

Note 5. Prior Period Adjustment

There are no prior period adjustments.

Where the Code of Practice requires analysis on a segmental basis, tables have been re-stated to provide a prior year comparison.

Note 6. Events After the Balance Sheet Date

Events after the Balance Sheet Date are those events, both favourable and unfavourable, that occur between the end of the financial year and the date when the Statement of Accounts is authorised for issue. There are potentially two types of events:

- If they provide evidence of conditions that existed at the end of the reporting period, the Statement of Accounts is amended to reflect these events;
- If they are indicative of conditions that arose after the reporting period, the Statement of Accounts is not amended. If, however, an event would have a material effect, a disclosure is made in the notes to the accounts, outlining the event and its estimated financial effect.

Any event taking place after the accounts are authorised for issue is not reflected in the Statement of Accounts.

In regards to Brexit the Council remains alert to the consequences of the vote to leave the European Union, and remains a strong regional partner with the County Council and other local Councils to ensure that performance across the region remains strong.

Note 7. Notes to the Expenditure and Funding Analysis

Adjustments between Funding and Accounting Basis

This note provides a reconciliation of the main adjustments to Net Expenditure Chargeable to the General Fund Balance to arrive at the amounts in the Comprehensive Income and Expenditure Statement. The relevant transfers between reserves are explained in the Movement in Reserves Statement.

Adjustments from General Fund to arrive at the Comprehensive Income and Expenditure Statement amounts 2017/18	Adjustments for Capital £'000s	Net change for the Pensions adjustments £'000s	Other Statutory Adjustments £'000s	Other Differences £'000s	Total £'000s
Communities and Business	42	340	-	655	1,037
Corporate Services	-	121	-	(2,329)	(2,208)
Environmental & Operations	5,897	652	-	(174)	6,375
Financial Services	-	(926)	-	649	(277)
Planning Services	-	622	-	946	1,568
Net Cost of Services	5,939	809	-	(253)	6,495
Other Income and Expenditure from the Expenditure and Funding Analysis	(7,324)	2,582	(430)	253	(4,919)
Difference between General Fund surplus or deficit and Comprehensive Income and Expenditure Statement surplus or deficit on the Provision of Services	(1,385)	3,391	(430)	-	1,576

Adjustments from General Fund to arrive at the Comprehensive Income and Expenditure Statement amounts 2018/19	Adjustments for Capital £'000s	Net change for the Pensions adjustments £'000s	Other Statutory Adjustments £'000s	Other Differences £'000s	Total £'000s
Communities and Business	32	349	-	709	1,090
Corporate Services	-	131	-	(2,259)	(2,128)
Environmental & Operations	975	615	-	(246)	1,344
Financial Services	-	(1,047)	-	596	(451)
Planning Services	122	554	-	1,089	1,765
Net Cost of Services	1,129	602	-	(111)	1,620
Other Income and Expenditure from the Expenditure and Funding Analysis	(6,181)	2,289	(54)	111	(3,835)
Difference between General Fund surplus or deficit and Comprehensive Income and Expenditure Statement surplus or deficit on the Provision of Services	(5,052)	2,891	(54)	-	(2,215)

Note 8. Adjustments Between Accounting Basis and Funding Basis Under Regulations

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the authority in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the authority to meet future capital and revenue expenditure. The following sets out a description of the reserves that the adjustments are made against.

General Fund Balance

The General Fund is the statutory fund into which all the receipts of an authority are required to be paid and out of which all liabilities of the authority are to be met, except to the extent that statutory rules might provide otherwise. These rules can also specify the financial year in which liabilities and payments should impact on the General Fund Balance, which is not necessarily in accordance with proper accounting practice. The General Fund Balance therefore summarises the resources that the Council is statutorily empowered to spend on its services or on capital investment (or the deficit of resources that the Council is required to recover) at the end of the financial year.

Capital Receipts Reserve

The Capital Receipts Reserve holds the proceeds from the disposal of land or other assets, which are restricted by statute from being used other than to fund new capital expenditure or to be set aside to finance historical capital expenditure. The balance on the reserve shows the resources that have yet to be applied for these purposes at the year-end.

Capital Grants Unapplied

The Capital Grants Unapplied Account (Reserve) holds the grants and contributions received towards capital projects for which the Council has met the conditions that would otherwise require repayment of the monies but which have yet to be applied to meet expenditure. The balance is restricted by grant terms as to the capital expenditure against which it can be applied and/or the financial year in which this can take place.

Adjustments Between Accounting Basis and Funding Basis Under Regulations

Adjustments between Accounting Basis and Funding Basis under Regulations 2017/18	General Fund Balance £'000	Capital Receipts Reserve £'000	Capital Grants Unapplied £'000	Movement in Unusable Reserves £'000
Adjustments primarily involving the Capital Adjustment Account				
Reversal of items debited or credited to the Comprehensive Income and Expenditure statement:				
Charges for depreciation and impairment of non-current assets	(717)			717
Revaluation losses on Property, Plant and Equipment	(5,771)			5,771
Movements in the market value of Investment Properties	832			(832)
Capital grants and contributions applied	1,318			(1,318)
Non Specific Capital Grants				
Revenue expenditure funded from capital under statute	(1,336)			1,336
Amount of non-current assets written off on disposal or sale as part of the (gain) /loss on disposal to Comprehensive Income and Expenditure Statement	(149)			149
Amount by which finance costs calculated in accordance with the Code are different from the amount of finance costs calculated in accordance with statutory requirements.				-
Insertion of items not debited or credited to the Comprehensive Income and Expenditure statement:				
Transfer of non current asset sale proceeds from revenue to the Capital Receipts Reserve	277	(277)		-
Administrative costs of non current asset disposals (funded by a contribution from the Capital Receipts Reserve				-
Capital expenditure charged against the General Fund Balance	4,596			(4,596)
Statutory provision for the repayment of debt	150			(150)
Capital Grants and Contributions unapplied credited to the Comprehensive Income and Expenditure Statement	2,193		(2,193)	-
Mitigation of operating lease as lessee reclassified as finance lease upon transition to IFRS	(7)			7

Adjustments Between Accounting Basis and Funding Basis Under Regulations (cont)

Adjustments between Accounting Basis and Funding Basis under Regulations 2017/18 (continued)	General Fund Balance £'000	Capital Receipts Reserve £'000	Capital Grants Unapplied £'000	Movement in Unusable Reserves £'000
Adjustments primarily involving the Capital Receipts Reserve:				
Use of the Capital Receipts Reserve to finance new capital expenditure	-	371	-	(371)
Contribution from the Capital Receipts Reserve to finance the payments to the Government capital receipts pool	(1)	1		-
Adjustments primarily involving the Pensions Reserve				
Reversal of items relating to retirement benefits debited or credited to the Comprehensive Income and Expenditure Statement	(6,692)			6,692
Employer's pensions contributions and direct payments to pensioners payable in the year	3,301			(3,301)
Adjustments primarily involving the Collection Fund Adjustment Account				
Amount by which Council Tax income credited to the Comprehensive Income and Expenditure Statement is different from Council Tax income calculated for the year in accordance with statutory requirements	110			(110)
Amount by which Business Rate income credited to the Comprehensive Income and Expenditure Statement is different from Business Rate income calculated for the year in accordance with statutory requirements	320			(320)
Adjustments primarily involving the Accumulated Absences Account				
Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from Remuneration chargeable in the year in accordance with statutory requirements				-
Total Adjustments	(1,576)	95	(2,193)	3,674

Adjustments Between Accounting Basis and Funding Basis Under Regulations (cont)

Adjustments between Accounting Basis and Funding Basis under Regulations 2018/19	General Fund Balance £'000	Capital Receipts Reserve £'000	Capital Grants Unapplied £'000	Movement in Unusable Reserves £'000
Adjustments primarily involving the Capital Adjustment Account				
Reversal of items debited or credited to the Comprehensive Income and Expenditure statement:				
Charges for depreciation and impairment of non-current assets	(682)			682
Revaluation gain on Property, Plant and Equipment	866			(866)
Movements in the market value of Investment Properties	-			-
Capital grants and contributions applied	2,917		1,029	(3,946)
Non Specific Capital Grants				
Revenue expenditure funded from capital under statute	(4,589)			4,589
Amount of non-current assets written off on disposal or sale as part of the (gain) /loss on disposal to Comprehensive Income and Expenditure Statement	(50)			50
Amount by which finance costs calculated in accordance with the Code are different from the amount of finance costs calculated in accordance with statutory requirements.				-
Insertion of items not debited or credited to the Comprehensive Income and Expenditure statement:				
Transfer of non current asset sale proceeds from revenue to the Capital Receipts Reserve	657	(657)		-
Administrative costs of non current asset disposals (funded by a contribution from the Capital Receipts Reserve				-
Capital expenditure charged against the General Fund Balance	4,130			(4,130)
Statutory provision for the repayment of debt	150			(150)
Capital Grants and Contributions unapplied credited to the Comprehensive Income and Expenditure Statement	1,665		(1,665)	-
Mitigation of operating lease as lessee reclassified as finance lease upon transition to IFRS	(8)			8

Adjustments Between Accounting Basis and Funding Basis Under Regulations (cont)

Adjustments between Accounting Basis and Funding Basis under Regulations 2018/19 (continued)	General Fund Balance £'000	Capital Receipts Reserve £'000	Capital Grants Unapplied £'000	Movement in Unusable Reserves £'000
Adjustments primarily involving the Capital Receipts Reserve:

Total Adjustments	2,217	(508)	(636)	(1,074)

Note 9. Transfers To/From Usable Reserves

This note sets out the amounts set aside from the General Fund in earmarked reserves to provide financing for future expenditure plans and the amounts posted back from earmarked reserves to meet General Fund expenditure in 2017/18 and 2018/19.

Transfers to/from Usable Reserves

	Balance at 31/03/17 £'000	Transfers Out 2017/18 £'000	Transfers In 2017/18 £'000	Balance at 31/03/18 £'000	Transfers Out 2018/19 £'000	Transfers In 2018/19 £'000	Balance at 31/03/19 £'000
General Fund	(1,500)	-	-	(1,500)	-	-	(1,500)
Budget Stabilisation	(7,238)	2,484	(856)	(5,610)	433	(2,761)	(7,938)
Financial Plan	(5,182)	3,000	(1,838)	(4,020)	3,976	(1,320)	(1,364)
Asset Maintenance	(1,000)	-	-	(1,000)	-	-	(1,000)
Swanley Station Improvements	-	-	-	-	-	(750)	(750)
Carry Forward Items	(310)	14	(212)	(508)	31	(231)	(707)
IT Asset Maintenance	(488)	-	(102)	(590)	-	(92)	(682)
Capital Financing	(413)	116	(148)	(445)	-	(148)	(593)
Corporate Project Support	(501)	78	(149)	(572)	127	(141)	(586)
Business Rates Retention	(1,129)	320	-	(809)	243	-	(566)
Vehicle Renewal	(432)	305	(570)	(697)	766	(601)	(532)
Pension Fund	(1,216)	716	-	(500)	-	-	(500)
Local Plan	(607)	190	(142)	(559)	263	(195)	(491)
Housing Benefit Subsidy	(723)	217	(105)	(611)	250	(83)	(444)
Re-organisation	(423)	-	-	(423)	-	-	(423)
New Homes Bonus	(499)	30	-	(469)	63	-	(406)
Action and Development	(396)	-	-	(396)	-	-	(396)
Community and Business	(350)	78	(2)	(274)	75	(153)	(352)
Vehicle Insurance	(310)	1	-	(309)	10	-	(299)
Homelessness Prevention	(66)	26	(191)	(231)	310	(334)	(255)
First Time Sewerage	(316)	50	-	(266)	60	-	(206)
Community Infrastructure Levy Administration	(6)	-	(101)	(107)	-	(77)	(185)
District Elections	(20)	-	(42)	(62)	-	(42)	(104)
Other	(789)	1,772	(1,709)	(726)	946	(813)	(593)
Grand Total	(23,914)	9,397	(6,167)	(20,684)	7,553	(7,741)	(20,873)

The purpose of these usable reserves is shown below:

Budget Stabilisation - To support decisions required to continue to produce a balanced budget in future years in spite of expected funding reductions.

Financial Plan - Funds that support the 10-year budget strategy.

Asset Maintenance - To fund emergency asset maintenance works.

Swanley Station Improvements - Community Infrastructure Levy spending board funding

Carry Forward Items - For specific items agreed by Cabinet.

IT Asset Maintenance - To fund future IT asset maintenance costs.

Capital Financing - Annual contributions from revenue to fund some capital projects.

Corporate Project Support - To support investigation and development of Corporate Projects.

Business Rates Retention - To manage the volatility in yearly cash flows in the Collection Fund caused by the complexities in the Business Rates Retention Scheme.

Vehicle Renewal - Funding for future commercial vehicle replacements.

Pension Fund - To contribute towards any future downturns in the pension fund following actuarial valuations.

Local Plan - To help support the Local Plan.

Housing Benefit Subsidy - Provides a cushion against large movements in reclaimable sums in any year.

Re-organisation - To fund actions taken to achieve ongoing budget savings.

New Homes Bonus - Due to the uncertainty of future Government funding an element of the New Homes Bonus is being kept separate as part of the 10 year Financial Plan.

Action and Development - To fund ad hoc expenditure e.g. resulting from an emergency.

Community and Business - To fund ongoing and future projects.

Vehicle Insurance - Provides own damage cover on the Council's commercial vehicle fleet.

Homelessness - To assist in the delivery of the Homelessness Reduction Act

First Time Sewerage - Transferred from a provision for potential liabilities relating to earlier sewerage installations.

Community Infrastructure Levy Administration - To be spent on the administration of the levy.

District Elections - To fund future District Elections

Other - Other small reserves set aside.

Capital Commitments

At 31 March 2019, there were no significant sums outstanding on capital contracts.

Surplus Assets

Details of the authority's Surplus Assets and information about the fair value hierarchy

	31st March 2018 £'000	31st March 2019 £'000
Surplus Operation Properties		
Quoted Prices in active market for identical assets (Level 1)	-	-
Other significant observable inputs (Level 2)	1,190	1,164
Significant un-observable inputs (Level 3)	-	-
Fair Value	<u>1,190</u>	<u>1,164</u>

The following significant observable inputs were used to determine the level 2 fair value for Surplus Assets:

The fair value for the properties (at market rates) has been based on the market approach using current market conditions and recent sales prices and other relevant information for similar assets in the local authority area. Market conditions are such that similar properties are actively purchased and sold and the level of observable inputs are significant, leading to the properties being categorised at Level 2 in the fair value hierarchy. Appropriate adjustments have been made to account for planning risk and associated uncertainties where planning permission does not already exist for the highest and best use.

The assets which include the site of the Swanley Working Mens Club and property in the High Street are surplus to operational needs and are being held pending redevelopment of the site.

The fair value of the authority's Surplus Assets is measured annually. All valuations are carried out by external valuers in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. The valuers work closely with finance officers reporting directly to the Chief Finance Officer on a regular basis regarding all valuation matters.

Revaluations

The Authority carries out a rolling programme that ensures that all Property, Plant and Equipment required to be measured at fair value is revalued at least every five years. Each class of asset is valued at the same time.

The freehold and leasehold properties which comprise the Authority's property portfolio have been valued as at 31st March 2019, by external independent valuers, Wilks, Head and Eve, Chartered Surveyors. Valuations have been made on the undermentioned bases in accordance with the Statements of Asset Valuation Practice and Guidance Notes of the Royal Institution of Chartered Surveyors, except that not all the properties were inspected. This was neither practicable nor considered by the valuers to be necessary for the purpose of the valuation.

Plant and machinery that forms part of a building is included in the valuation

Properties regarded by the Authority as operational were valued on the basis of Existing Use Value or where this could not be assessed because there was no market for the subject asset, the depreciated replacement cost. Useful economic lives for these properties are generally 35 years.

Properties regarded by the Authority as investment properties have been valued on the basis of market value, again with useful economic lives of generally 35 years.

Vehicles, plant and equipment in the balance sheet relate to the Council's commercial vehicle fleet, computer equipment, fitness equipment in the leisure centres, air quality monitoring equipment, CCTV equipment and playground equipment. Most equipment is depreciated over 5 years, with larger commercial vehicles over 7 years or, exceptionally, 10 years.

The regular rolling programme of asset valuation is as follows:

Year of Valuation	Class of asset valued in year
2018/19	Investment Properties; Car parks; Amenity Land; Playgrounds
2017/18	Investment Properties; Amenity Land, Car Parks, Community Offices
2016/17	Investment Properties; Amenity Land
2015/16	Investment Properties; Leisure Centres, Golf Course, Hollybush Depot, premises and grounds
2014/15	Investment Properties, Stag Theatre, Parks and Woodlands

The following statement shows the progress on the Council's rolling programme for the revaluation of Property, Plant and Equipment:

	Land & Buildings £'000	Vehicles, Plant & Equip- ment £'000	Comm- unity Assets £'000	Assets Held for Sale £'000	Assets Under Con- struction £'000	Surplus Assets £'000	TOTAL £'000
Carried at historical cost:		5,322	211	-	-	-	5,533
Valued at current value in:							
2018/19	17,396	-	-	150	-	1,164	18,710
2017/18	-	-	-	0	14,703	-	14,703
2016/17	5,922	-	-	30	-	-	5,952
2015/16	80	-	-	0	-	-	80
2014/15	17	-	-	0	-	-	17
2013/14	-	-	-	0	-	-	-
2012/13	-	-	-	0	-	-	-
Total	23,415	5,322	211	180	14,703	1,164	44,995

Note 11. Investment Properties

The following items of income and expense have been accounted for in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

	2017/18 £'000	2018/19 £'000
Rental income from investment property	(837)	(1,056)
Direct operating expenses from investment property	87	56
Net income from Investment Properties	(750)	(1,000)

There are no restrictions on the Authority's ability to realise the value inherent in its investment property or on the Authority's right to the remittance of income and proceeds of disposal. The Authority has no contractual obligations to purchase, construct or develop investment property or to make repairs, maintenance or enhancement.

The following table summarises the movement in the fair value of investment properties over the year:

	2017/18	2018/19
	£'000	£'000
Balance at start of the year	20,409	21,443
Purchases	202	8,229
Disposals	-	(50)
Net Gains/ (losses) from fair value adjustment	832	131
	<u>21,443</u>	<u>29,753</u>

Details of the authority's Investment Properties and information about the fair value hierarchy at 31 March 2019 are as follows:

	31st March 2018	31st March 2019
	£'000	£'000
Existing properties generating rental income		
Quoted Prices in active market for identical assets (Level 1)		
Other significant observable inputs (Level 2)	2,524	10,750
Significant un-observable inputs (Level 3)		
Property Investment Strategy		
Quoted Prices in active market for identical assets (Level 1)		
Other significant observable inputs (Level 2)	18,919	19,003
Significant un-observable inputs (Level 3)		
Total Fair Value	<u>21,443</u>	<u>29,753</u>

The observable inputs used for the fair value calculation for Investment properties are the same as previously stated for Surplus Assets.

Properties are subject to leases with varying review dates.

The fair value of the authority's Investment Properties is measured annually. All valuations are carried out by external valuers in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. The valuers work closely with finance officers reporting directly to the Chief Finance Officer on a regular basis regarding all valuation matters.

Note 12. Financial Instruments

Balance Sheet disclosures

Categories of Financial Assets

	Long Term				Short Term			
	Investments		Debtors		Investments		Debtors

Non-Financial Assets			56,687	70,736			2,637	4,662
Total			<u>57,489</u>	<u>71,988</u>			<u>35,282</u>	<u>27,645</u>

Categories of Financial Liabilities

	Long Term				Short Term			
	Borrowings		Creditors		Borrowings		Creditors	
	2017/18 £'000	2018/19 £'000	2017/18 £'000	2018/19 £'000	2017/18 £'000	2018/19 £'000	2017/18 £'000	2018/19 £'000
FVPL								
Amortised cost	(5,133)	(5,014)	(356)	(350)	(174)	(176)	(2,627)	(2,541)
Total Financial Liabilities	<u>(5,133)</u>	<u>(5,014)</u>	<u>(356)</u>	<u>(350)</u>	<u>(174)</u>	<u>(176)</u>	<u>(2,627)</u>	<u>(2,541)</u>
Non-Financial Liabilities			(92,093)	(87,864)			(16,747)	(16,945)
Total			<u>(97,582)</u>	<u>(93,228)</u>			<u>(19,548)</u>	<u>(19,662)</u>

The effects of reclassification of financial assets following the adaptation of IFRS 9 Financial Instruments by the Code of Practice on Local Authority Accounting are shown in the table below:

	Carrying amount brought forward as 1 April 2018 £'000	Fair value through profit and loss £'000	Amortised cost £'000	New Classification as at 1 April 2018		£'000
				Fair value through other comprehensive income - designated £'000	Fair value through other comprehensive income - other £'000	
Previous Classification:						
Investments	24,096		24,046	50		
Net trade receivables (within debtors)	1,906		1,906			
Cash & cash equivalents	7,445		7,445			
Reclassified amounts as 1 April 2018		-	<u>33,397</u>	50	-	
Remeasurements at 1 April 2018		-	<u>33,397</u>	50	-	
Remeasured carrying amounts at 1 April 2018		-	<u>33,397</u>	50	-	
Impact on General Fund Balance						-
Impact on Financial Instruments Revaluation Reserve						-

The table below shows how the new balances at 1 April 2018 for financial assets are incorporated into the Balance Sheet:

	Fair value through profit and loss	Amortised cost	Fair value through other comprehensive income - designated	Fair value through other comprehensive income - other	Non-Financial Instruments balances	Total Balance Sheet carrying amount
	£'000	£'000	£'000	£'000	£'000	£'000
Remeasured carrying amounts at 1 April 2018	-	33,397	50	-	59,324	92,771
Long term investments			50			
Long term debtors		752				
Short term investments		24,046				
Cash and cash equivalents		7,445				
Short term debtors		1,154				

The following judgments were made in reclassifying financial instrument:

- The investment figures are made up mainly of surplus capital and revenue reserve balances. The investments (excluding the equity instrument described below) are placed with recognised financial institutions, having fixed or determinate payments and not quoted in an active market. They are classified as amortised cost as they are being held as part of a business model to collect contractual cash flows. Short-term investments are those that were placed for a period in excess of three months and fall to be repaid within one year of the balance sheet date. Long-term investments were placed for over one year. Investments placed for less than three months are treated as cash or cash equivalents.
- Loan and trade receivables have determinate payments and are held as part of a business model to collect contractual cash flows. They are classified as amortised cost. Trade receivables are shown within the short term debtors. Loan receivables are shown within the long term debtors with the part to be repaid within twelve month shown in short term debtors.
- The equity instruments held by the authority are held for strategic purposes and are not for trading. They are classified as fair value through other comprehensive income.

With the introduction of IFRS 9 the authority has designated the following equity at 31 March 2019 as fair value through other comprehensive income:

	Carrying amount at 31/03/19	Fair value at 31/03/19	Change in value during 2018/19	Dividends 2018/19
	£'000	£'000	£'000	£'000
UK Municipal Bond Agency	50	50	-	-
Quercus 7 Ltd	215	215	-	-
	<u>265</u>	<u>265</u>		

The authority holds shares in UK Municipal Bond Agency which was set up to allow local authorities to diversify funding sources and borrow at a lower cost. The agency will sell municipal bonds on the capital markets, raising funds that it will then lend to the councils. As the equity instrument of UK MBA is not held for trading, rather a longer term policy initiative, it has been designated as fair value through other comprehensive income. The shares are carried at cost which is the best estimate of fair value.

The authority holds shares in Quercus 7 Ltd, a wholly owned subsidiary, which was set up to enable Sevenoaks District Council to invest in property on a commercial basis, ensuring a sustainable income for the Council, as well as enabling the Council to invest in and hold residential property, which it is otherwise not allowed to do. As the equity instrument of Quercus 7 Ltd is not held for trading, rather a longer term policy initiative, it has been designated as fair value through other comprehensive income. The shares are carried at cost which is the best estimate of fair value.

Comprehensive Income and Expenditure Statement disclosures

The gains and losses recognised in the Comprehensive Income and Expenditure Statement in relation to financial instruments are made up as follows:

	2017/18		2018/19	
	Surplus or Deficit on the Provision of Services £'000	Other Comprehensi ve Income and Expenditure £'000	Surplus or Deficit on the Provision of Services £'000	Other Comprehensi ve Income and Expenditure £'000
Net gains/losses on:				
financial assets measured at FVPL				
financial assets measured at Amortised cost			(0)	
financial assets measured at FVOCI - designated				
financial assets measured at FVOCI - other				
financial liabilities measured at FVPL				
financial liabilities measured at Amortised cost				
Total net gain/losses	-	-	(0)	-
Interest revenue				
financial assets measured at Amortised cost	(170)		(310)	
financial assets measured at FVOCI - other				
Total interest revenue	(170)	-	(310)	-
Interest expense	111		164	
Fee income				
financial assets or financial liabilities not at FVPL trust and other fiduciary activities				
Total fee income	-	-	-	-
Fee expenses				
financial assets or financial liabilities not at FVPL trust and other fiduciary activities				
Total fee expenses	-	-	-	-

Fair Value

Some of the authority's financial assets are measured at fair value on a recurring basis and described in the following table, including the valuation technique used to measure them:

	Input level in fair value hierarchy	Valuation technique	As at 31/3/18 £'000	As 31/3/19 £'000
FVOCI - designated				
UK Municipal Bond Agency	Level 3	Cost	50	50
Quercus 7 Ltd	Level 3	Cost	1	215

Except for the financial assets carried at fair value (described in the table above), all other financial liabilities and financial assets are carried on the balance sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that take place over the remaining life of the instruments, using the following assumptions:

- For loans from the PWLB prevailing market rates have been applied to provide the fair value under PWLB debt redemption procedures.
- For non-PWLB loans payable, PWLB prevailing market rates have been applied to provide the fair value under PWLB debt redemption procedures.
- For loans receivable 24 months Investment market rates have been used to provide fair values.
- No early repayment or impairment is recognised.
- Where an instrument has a maturity of less than 12 months (investments) or is a trade or other receivable the fair value is taken to be the carrying amount or the billed amount.

	Input level in fair value hierarchy	31/3/18		31/3/19	
		Carrying Amount	Fair Value	Carrying Amount	Fair Value
		£'000	£'000	£'000	£'000
Financial liabilities					
PWLB debt	Level 2	(5,307)	(5,417)	(5,190)	(5,497)
Long term creditors	Level 2	(356)	(656)	(350)	(672)
Short term creditors	Level 2	(2,627)	(2,627)	(2,541)	(2,541)
Financial Assets					
Financial Institutions (banks)	Level 2	13,023	13,023	7,037	7,037
Building Societies	Level 2	6,008	6,008	1,003	1,003
Other Local Authorities	Level 2	10,018	10,018	11,039	11,039
Money Market Funds	Level 2	1,102	1,102	2,201	2,201
Long term debtors	Level 2	752	962	987	1,260
Short term debtors	Level 2	1,154	1,154	2,132	2,132

The fair value of liabilities is greater than the carrying amount because the Council's portfolio of loans includes fixed rates loans where the interest rate payable is higher than the rates available for similar loans in the market at the balance sheet date. This shows a notional future loss (based on economic conditions at 31 March 2019) arising from a commitment to pay interest to lenders above current market rates.

The fair value of PWLB loan of £5.497m measures the economic effect of terms agreed with the PWLB compared with estimates of the terms that would be offered for market transactions undertaken at the Balance Sheet date. The difference between the carrying amount and the fair value measures the additional interest that the authority will pay over the remaining terms of the loan under the agreement with the PWLB, against what would be paid if the loan was at prevailing market rates.

The fair value of assets is greater than the carrying amount because the Council's portfolio of loans includes a number of fixed rate loans where the interest rate payable is higher than the rates available for investments the Council would be allowed to make in accordance with the Council's Investment Policy at the balance sheet date. This shows a notional future gain (based on economic conditions at 31 March 2019) arising from a commitment to receive interest from borrowers above current Investment market rates.

Disclosure of nature and extent of risks arising from financial instruments

The Authority's activities expose it to a variety of financial risks:

- Credit risk – the possibility that other parties might fail to pay amounts due to the Council.
- Liquidity risk – the possibility that the Council might not have the funds available to meet its commitments to make payments.
- Re-financing risk – the possibility that the Council might be requiring to renew a financial instrument on maturity at disadvantageous interest rates or terms.
- Market risk – the possibility that financial loss might arise for the Council as a result of changes in such measures as interest rate or stock market movements.

The Council's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the resources available to fund services.

Risk management is carried out by treasury management officers under policies approved by the Council in the annual treasury management strategy. The Council maintains written principles for overall risk management, as well as written policies covering specific areas, such as interest rate risk, credit risk and the investment of surplus cash.

Credit Risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Council's customers. This risk is minimised through the Annual Investment Strategy, which requires that deposits are not made with financial institutions unless they meet identified minimum credit criteria, in accordance with the Fitch, Moody's and Standard & Poor's Credit Ratings Services. The Annual Investment Strategy also considers maximum amounts and time limits with a financial institution located in each category.

The Council uses the creditworthiness service provided by its treasury management consultant, Link Asset Services. This service uses a sophisticated modelling approach that combines credit ratings from the above mentioned rating agencies as the core element with other subjective overlays. In addition, the Council has the following policies:

- Maximum investment period of two years.
- Lending to Building Societies restricted to those Societies having assets in excess of £3bn with a maximum investment period of 1 year if the Society does not satisfy the creditworthiness modelling approach.
- No more than £7m per counterparty. For Building Societies, the limit is £5m where the Society satisfies the creditworthiness modelling approach, or £3m if it doesn't.

Investments are limited to 25% of the total fund to any single institution or institutions within a group of companies.

Total investments in any one country outside of the UK, is limited to 15% of the total fund. Investment in non-UK banks is subject to prior approval by Committee.

The Strategy also permits investment with other local authorities and the UK Government's Debt Management Office for periods up to 2 years and six months respectively. Money Market Funds and Enhanced Money Market Funds are also utilised with a combined maximum deposit of £5m per provider.

The full investment strategy for 2018/19 was approved by Council on 20 February 2018. There were no breaches of the Council's counterparty criteria during the reporting period.

The Council's maximum exposure to credit risk in relation to its investments in banks and building societies of £8.1m at 31 March 2019 cannot be assessed generally, as the risk of any institution failing to make interest payments or repay the principal sum will be specific to each institution. Recent experience has shown that it is rare for such entities to be unable to meet their commitments. A risk of irrecoverability applies to all of the Council's deposits, but there was no evidence at 31 March 2019 that this was likely to crystallise.

The Council calculates impairment losses to reflect the expectation that the future cash flows might not take place because the borrower could default on their obligations. Credit risk plays a crucial part in assessing losses. Where risk has increased significantly since an instrument was initially recognised, losses are assessed on a lifetime basis. Where risk has not increased significantly or remains low, losses are assessed on basis of 12-month expected losses. Only lifetime losses are recognised for trade receivables held by the authority.

The changes in loss allowances for the trade receivables during the year are shown in the table below:

	Lifetime ECL - simplified approach £'000	Total £'000
Opening Balance as at 01/4/17	(85)	(85)
Trade debtors: individual assessment	(0)	(0)
Trade debtors: collective assessment		
Amounts written-off		-
Balance as at 31/03/18	(85)	(85)
Trade debtors: individual assessment		-
Trade debtors: collective assessment		
Amounts written-off	22	22
Balance as at 31/03/19	(64)	(64)

Liquidity Risk

The Council manages its liquidity position through the risk management procedures above (the setting and approval of prudential indicators and the approval of the treasury strategy reports), as well as through a comprehensive cash flow management system, as required by the CIPFA Treasury Management Code of Practice. This seeks to ensure that cash is available when needed.

The Council has ready access to borrowings from the money markets to cover any day to day cash flow need, and the PWLB and money markets for access to longer term funds. The Council is also required to provide a balanced budget through the Local Government Finance Act 1992, which ensures sufficient monies are raised to cover annual expenditure. Thus, there is no significant risk that it will be unable to raise finance to meet its commitments under financial instruments.

All investments, totalling £21,279m are due to be repaid in less than one year.

Refinancing and Maturity Risk

The Council maintains a substantial investment portfolio and a relatively small amount of debt. Whilst the cash flow procedures above are considered against the refinancing risk procedures, longer term risk to the Council relates to managing the exposure to replacing financial instruments as they mature. This risk relates to both the maturing of longer term financial liabilities and longer term financial assets. As the Council has only a small amount of debt and does not lend for periods in excess of two years, this risk is not considered significant.

Market Risk

Interest Rate Risk

Upwards or downwards movements in interest rates may have a complex impact on the Council. For instance, a rise in variable and fixed interest rates would have the following effects:

Borrowings at variable rates – the interest expense charged to the Comprehensive Income and Expenditure Statement will rise;

Borrowings at fixed rates – the fair value of the borrowing will fall (but no impact on revenue balances);

Investments at variable rates – the interest income credited to the Comprehensive Income and Expenditure Statement will rise; and

Investments at fixed rates – the fair value of the assets will fall (but no impact on revenue balances).

The treasury management team has an active strategy for assessing interest risk exposure that feeds into the setting of the annual budget.

By way of example, if interest rates on deposits had been 1% higher during 2018/19 (with all other variables held constant), the financial effect would have been to increase investment income by £436,000.

Price Risk

The Council does not invest in equity shares or marketable bonds for trading purposes and is not, therefore, exposed to losses arising from movements in prices.

Foreign Exchange Risk

The Council has no financial assets or liabilities denominated in foreign currencies. It, therefore, has no exposure to loss arising from movements in exchange rates.

Note 13. Inventories

This refers to stocks of salt and fuel held at the Dunbriek depot and wood stocks at Farningham Woods.

	2017/18	2018/19
	£'000	£'000
Balance outstanding at start of the year	48	46
Purchases	438	459
Recognised as an expense in the year	(440)	(436)
Balance outstanding at end of the year	<u>46</u>	<u>69</u>

Note 14. Debtors

Short Term Debtors

31/03/18		31/03/19
£'000		£'000
583	Central Government Bodies	337
847	Other Local Authorities	1,369
415	Council Tax Payers	441
508	Non Domestic Rate	2,475
1,212	Other entities and individuals	1,923
<u>3,565</u>	Total	<u>6,545</u>

Long Term Debtors

31/03/18		31/03/19
£'000		£'000
918	Other entities and individuals	1,136
<u>918</u>	Total	<u>1,136</u>

The carrying amount is also deemed to be the fair value (being the amount that the market is willing to exchange assets).

Note 15. Cash and Cash Equivalents

The balance of Cash and Cash Equivalents is made up of the following elements:

	31/03/18 £'000	31/03/19 £'000
Cash held by the Authority	9	8
Bank current accounts	1,331	(437)
Short-term deposits with:		
Banks	4,002	1,001
Building Societies	-	-
Other Local Authorities	1,001	-
Money Market Funds	1,102	2,201
Total Cash and Cash Equivalents	7,445	2,773

Note 16. Assets Held for Sale

	2017/18 £'000	2018/19 £'000
Balance at start of the year	180	180
Purchases	-	-
Disposals	-	-
Net Gains/ (losses) from fair value adjustment	-	-
Assets newly classified as held for sale	-	-
Asset de-classified as held for sale	-	-
	180	180

Assets Held for Sale are carried at the lower of their carrying value or their fair value less costs to sell.

Details of the authority's Assets Held for Sale and information about the fair value hierarchy at 31 March 2019 are as follows:

	Carrying Value £'000	Fair Value £'000	Quoted prices in active markets for identical assets (Level 1) £'000	Other significant observable inputs (Level 2) £'000	Significant unobservable inputs (Level 3) £'000
Assets held for Sale 2018/19	180	1,454		1,454	
Assets held for Sale 2017/18	180	1,013		1,013	-
Assets held for Sale 2016/17	180	528	-	528	-

The following significant observable inputs were used to determine the level 2 fair value for Surplus Assets:

The fair value for the properties (at market rates) has been based on the market approach using current market conditions and recent sales prices and other relevant information for similar assets in the local authority area. Market conditions are such that similar properties are actively purchased and sold and the level of observable inputs are significant, leading to the properties being categorised at Level 2 in the fair value hierarchy. Appropriate adjustments have been made to account for planning risk and associated uncertainties where planning permission does not already exist for the highest and best use.

The fair value of the authority's Assets Held for Sale is measured annually. All valuations are carried out by external valuers in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. The valuers work closely with finance officers reporting directly to the Chief Finance Officer on a regular basis regarding all valuation matters.

Note 17. Creditors and Receipts in Advance

Short Term Creditors

31/03/18 £'000		31/03/19 £'000
(542)	Central Government Bodies	(473)
(1,094)	Other Local Authorities	(955)
(1,088)	Council Tax Payers	(121)
(4,695)	Non Domestic Rate	(5,468)
(2,141)	Other entities and individuals	(1,626)
<u>(9,560)</u>	Total	<u>(8,643)</u>

Long Term Borrowing

31/03/18 £'000		31/03/19 £'000
(5,133)	Central Government Bodies	(5,014)
(356)	Other Local Authorities	(350)
<u>(5,489)</u>	Total	<u>(5,364)</u>

Short Term Receipts in Advance

31/03/18 £'000		31/03/19 £'000
(29)	Central Government Bodies	(45)
(333)	Other Local Authorities	(322)

(423)	Non Domestic Rate	(319)
(293)	Other entities and individuals	(399)
<u>(1,372)</u>	Total	<u>(1,360)</u>

Note 18. Provisions

The following provisions have been made by the Council:

The carrying amount is also deemed to be the fair value (being the amount that the market is willing to settle liabilities).

	Long Term	Short Term		Total Short
	MMI	Accumulated	NDR Appeals	Term
	£'000	Absences	£'000	£'000
Balance at 1 April 2018	257	152	2,232	2,384
Additional Provisions made during year	-	-	3,347	3,347
Amounts Used during the year	-	-	(3,032)	(3,032)
Amounts reversed as not required	-	-	-	-
Balance at 31 March 2019	<u>257</u>	<u>152</u>	<u>2,547</u>	<u>2,699</u>

Municipal Mutual Insurance Limited (MMI) – MMI was the main local authority insurer for many years up until 1992 when the company failed and went into “run off”. A Scheme of Arrangement was approved in 1994 with the aim of meeting all claims and achieving a solvent run-off. For a number of years the Administration and Creditors Committee reported that a solvent run-off was likely to be achieved and sought to sell the business to another insurer to bring the arrangement to a conclusion.

Unfortunately a sale has never been achieved and more recently claims have emerged where courts have ruled in favour of others rather than MMI. This increased the risk that a solvent run-off would not be achieved which would result in councils (and others, such as housing associations) being liable to clawback of monies paid out to settle claims. Due to this uncertainty, the Council has shown this risk as a Contingent Liability in the Statement of Accounts in recent years

The Accumulated Absences Provision is the opposite of the Accumulated Absences Account included in Unusable Reserves. This absorbs the difference that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31 March 2019.

NDR Appeals – Business ratepayers can make an appeal against the rateable value attributed to their property by the Valuation Office. Changes brought about by the new Business Rates Retention scheme mean that the Council has to provide for its share of the costs arising from successful appeals.

Note 19. Usable Reserves

Movements in the Authority's usable reserves are detailed in the Movement in Reserves Statement and note 8.

Note 20 Unusable Reserves

	31/03/18	Movement in Year	31/03/19
	£'000	£'000	£'000
Capital Adjustment Account	(26,040)	(4,018)	(30,058)
Revaluation Reserve	(16,946)	(1,866)	(18,812)
Accumulated Absences Account	152	-	152
Collection Fund Adjustment Account	(327)	(55)	(382)
Pensions Reserve	91,413	(3,839)	87,574
Deferred Capital Receipts Reserve	(167)	9	(158)
Total Unusable Reserves	48,085	(9,769)	38,316

Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Authority as finance for the costs of acquisition, construction and enhancement.

The Account contains accumulated gains and losses on Investment Properties and gains recognised on donated assets that have yet to be consumed by the Authority. The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains. Note 8 provides details of the source of all the transactions posted to the Account, apart from those involving the Revaluation Reserve.

Capital Adjustment Account

2017/18 £'000		2018/19 £'000
(26,567)	Balance at 1 April	(26,040)
-	Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement:	(736)
717	Charges for depreciation and impairment of non current assets	682
5,771	Revaluation Losses on Property, Plant and Equipment	27
1,336	Revenue expenditure funded from capital under statute	4,589
-	Deferred Capital Receipts movement	-
149	Amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement	50
7,973		4,612
(179)	Adjusting Amounts written out of the Revaluation Reserve	(99)
7,794	Net Written out amount of the cost of non current assets consumed in the year	4,513
	Capital Financing applied in the year:	
(371)	Use of the Capital Receipts Reserve to finance new capital expenditure	(148)
-		-
(1,318)	Capital Grants and contributions credited to the Comprehensive Income and expenditure statement that have been applied to capital financing	(3,946)
-	Non-specific capital grant	-
-	Unapplied Account	-
(4,596)	Capital Expenditure charged against the General Fund	(4,130)
(150)	Statutory provision for the repayment of debt	(150)
(6,435)		(8,374)
(832)	Movements in the market value of Investment Properties debited or credited to the Comprehensive Income & Expenditure Statement	(157)
(26,040)	Balance at 31 March	(30,058)

Revaluation Reserve

The Revaluation Reserve contains the gains made by the Authority arising from increases in the value of its Property, Plant and Equipment. The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- used in the provision of services and the gains are consumed through depreciation, or
- disposed of and the gains are realised

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

2017/18			2018/19	
£'000	£'000		£'000	£'000
	(18,649)	Balance at 1 April		(16,946)
(204)		Upward Revaluation of Assets	(2,331)	
1,728		Downward Revaluation of Assets and impairment losses not charged to Surplus Deficit on the Provision of Services	366	
		Surplus/(Deficit) on revaluation of non-current assets not posted to the Surplus or Deficit on Provision of Services	(1,965)	(1,965)
1,524	1,524	Difference between fair value depreciation and historical cost depreciation		99
	82	Accumulated gains on assets sold or scrapped		-
	(16,946)	Balance at 31 March		(18,812)

Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the account.

2017/18			2018/19	
£'000	£'000		£'000	£'000
152		Balance at 1 April		152
-		Settlement or cancellation of accrual made at the end of previous year		-
-		Amounts accrued at the current year end		-
-		Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements		-
152		Balance at 31 March		152

Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax and non-domestic rates income in the Comprehensive Income and Expenditure Statement as it falls due from council tax and non-domestic rate payers compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

2017/18 £'000		2018/19 £'000
103	Balance at 1 April	(327)
(430)	Amount by which council tax and non-domestic rates income credited to the Comprehensive Income and Expenditure Statement is different from council tax and non-domestic rates income calculated for the year in accordance with statutory requirements	(55)
(327)	Balance at 31 March	(382)

Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Authority accounts for post employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Authority makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Authority has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

2017/18 £'000		2018/19 £'000
97,257	Balance at 1 April	91,413
(9,235)	Actuarial Gains/(Losses) on pensions assets and liabilities	(6,731)
6,692	Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	6,291
(3,301)	Employer's pensions contributions and direct payments to pensioners payable in the year	(3,399)
91,413	Balance at 31 March	87,574

Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place. Under statutory arrangements, the Authority does not treat these gains as usable for financing new capital expenditure until they are backed by cash receipts. When the deferred cash settlement eventually takes place, amounts are transferred to the Capital Receipts Reserve.

2017/18 £'000		2018/19 £'000
(175)	Balance at 1 April	(167)
7	Transfer of deferred sale proceeds credited as part of the gain/loss on disposal to the Comprehensive Income and Expenditure statement	8
1	Transfer to the Capital receipts reserve upon receipt of cash	1
(167)	Balance at 31 March	(158)

Note 21. Cash Flow Statement – Operating Activities

Adjustments to net surplus or deficit on the provision of services for non-cash movements:

2017/18 £'000		2018/19 £'000
(717)	Depreciation	(682)
(4,939)	Impairment and downward valuations	866
-	Amortisation	-
(128)	Increase in impairment provision for bad debts	(198)
(1,577)	(Increase)/Decrease in creditors	27
202	Increase/(Decrease) in debtors / payments in advance	3,178
(2)	Increase/(Decrease) in stock	23
(3,391)	Pension liability	(2,892)
(149)	Carrying amount of non-current assets sold	(50)
579	Other non-cash items charged to the net surplus or deficit on the provision of services	935
<u>(10,122)</u>	Net cashflows from operating activities	<u>1,207</u>

Adjustments for items included in the net surplus or deficit on the provision of services that are investing and financing activities:

2017/18 £'000		2018/19 £'000
-	Purchase of short-term and long-term investments	-
881	Proceeds from short-term and long-term investments	1,191
277	Proceeds from the sale of property, plant and equipment, investment property and intangible assets	657
<u>1,158</u>		<u>1,848</u>

The cash flows for operating activities include the following items:

2017/18 £'000		2018/19 £'000
(131)	Interest received	(329)
-	Interest paid	138

Note 22. Cash Flow Statement – Investing Activities

2017/18 £'000		2018/19 £'000
9,264	Purchase of property, plant & equipment, investment property and intangible assets	11,968
4,987	Purchase of short term and long term investments	215
	Other payments for investing activities	
(278)	Proceeds from the sale of property, plant & equipment, investment property and intangible assets	(660)
(131)	Proceeds from sale of short-term and long-term investments	(6,159)
(89)	Other receipts from investing activities	(993)
<u>13,753</u>	Net Cash Flow from Investing activities	<u>4,371</u>

Note 23. Cash Flow Statement – Financing Activities

2017/18 £'000		2018/19 £'000
(5,307)	Cash receipts of short and long term borrowing	-
(2,193)	Other receipts from financing activities	(635)
(7)	Cash receipts for finance leases	(8)
-	Other payments for financing activities	293
<u>(7,507)</u>	Net Cash Flow from Financing activities	<u>(350)</u>

Note 24. Segmental Reporting and Reconciliation to Subjective Analysis

The Council is required to present information on reportable segments. Reporting segments are to be based on an authority's internal management reporting arrangements. The segments are based on Chief Officer responsibilities.

Note 24.a Subjective Reporting by Chief Officer segments

	Communities & Business	Corporate	Environmental & Operations	Finance	Planning	Total
	£'000	£'000	£'000	£'000	£'000	£'000
Chief Officer Income and Expenditure 2017/18						
	£'000	£'000	£'000	£'000	£'000	£'000
Fees, Charges & Service Income	(303)	(557)	(5,482)	(972)	(1,529)	(8,843)
Grants	(421)	(22)	(32)	(27,064)	(35)	(27,574)

Note 25. Trading Operations

Trading Accounts are operated for Direct Services, which includes two major services, Refuse Collection and Street Cleaning.

The following table sets out the financial trading accounts for 2018/19

(Surplus)/ Deficit 2017/18 £'000		Income £'000	Expend. £'000	(Surplus)/ Deficit 2018/19 £'000
	Direct Services			
(8)	Refuse Collection	(2,565)	2,625	60
(82)	Street Cleansing	(1,367)	1,358	(9)
(117)	Other Operational Accounts	(2,327)	2,106	(221)
(13)	Overhead Accounts	(1,247)	1,208	(39)
<u>(220)</u>		<u>(7,506)</u>	<u>7,297</u>	<u>(209)</u>

Other Operational Accounts include vehicle workshop and premises cleaning. Overhead Accounts include transport fleet and depot.

For management accounting purposes, recharges for internal work completed by the trading accounts have been priced to include a capital financing charge. The Code of Practice does not permit charges for cost of capital to be debited to trading accounts. The following table sets out the position if capital charges had been made:

(Surplus) /Deficit 2017/18 £'000		Income £'000	Expend. £'000	(Surplus) /Deficit 2018/19 £'000
	Direct Services			
28	Refuse Collection	(2,565)	2,662	97
(71)	Street Cleansing	(1,367)	1,369	2
(107)	Other Operational Accounts	(2,327)	2,116	(211)
(10)	Overhead Accounts	(1,247)	1,211	(36)
<u>(160)</u>		<u>(7,506)</u>	<u>7,358</u>	<u>(148)</u>

Subjective Analysis for the Trading Operation

2017/18 £'000		2018/19 £'000
(1,432)	Revenues from External Customers	(2,070)
(5,882)	Income from Internal Customers	(5,436)
<u>(7,314)</u>	Total Income	<u>(7,506)</u>
3,292	Employee Expenses (inc Agency staff)	3,432
567	Depreciation	575
3,295	Other Service Expenditure	3,351
<u>7,154</u>	Total Expenditure	<u>7,358</u>
<u>(160)</u>	Net Trading Income	<u>(148)</u>

Note 26. Members' Allowances

The authority paid the following amounts to Members of the Council during the year:

2017/18 £'000		2018/19 £'000
377	Allowances	386
15	Expenses	15
<u>392</u>	Total	<u>401</u>

Note 27. Officers' Remuneration

The remuneration paid to the Authority's senior employees, being the head of Paid Service and those officers reporting directly to him, was as follows:

2017/2018	Salary £	Bonuses £	Expenses £	Com- pen- sation Loss of employ- ment £	Pension £	Other Emol- uments £	Total £
Chief Executive	151,369	3,634	157	-	24,646	6,787	186,593
Chief Finance Officer	91,858	500	151	-	14,685	-	107,194
Chief Officer Corporate Services	91,858	500	87	-	14,685	-	107,130
Chief Officer Communities and Business	91,858	500	172	-	14,685	-	107,215
Chief Planning Officer	91,858	500	-	-	14,685	-	107,043
Chief Officer Environmental and Operations	91,858	500	193	-	14,685	-	107,236
Head of Strategy and Transformation	58,547	500	-	-	9,388	-	68,435
Head of Legal and Democratic Services	59,643	500	64	-	9,563	-	69,770

2018/19	Salary £	Bonuses £	Expenses £	Com- pen- sation Loss of employ- ment £	Pension £	Other Emol- uments £	Total £
Chief Executive	153,840	-	59	-	24,461	1,614	179,973
Chief Finance Officer	99,694	500	153	-	15,931	-	116,278
Chief Officer Corporate Services	99,694	500	97	-	15,931	170	116,392
Chief Officer Communities and Business	81,148	500	83	-	12,982	-	94,714
Chief Planning Officer	99,694	500	-	-	15,931	-	116,124
Chief Officer Environmental and Operations	99,694	500	74	-	15,931	-	116,198
Head of Strategy and Transformation	66,115	500	-	-	10,592	-	77,207
Head of Legal and Democratic Services	66,704	500	53	-	10,685	-	77,942

The Chief Executive receives other payments for being the Deputy Returning Officer at elections.

The Authority's other employees receiving more than £50,000 remuneration for the year (excluding employer's pension contributions) were paid the following amounts:

Remuneration Bands			
Number of Employees			Number of Employees
2017/18			2018/19
3	£50,000 - £55,000		2
8	£55,001 - £60,000		4
1	£60,001 - £65,000		4
-	£65,001 - £70,000		2
1	£70,001 - £75,000		3
-	£75,001 - £80,000		-

The number of exit packages with total cost per band and total cost of the compulsory and other redundancies are set out in the following table:

Exit package cost band (including special payments)	Number of compulsory redundancies		Number of other departures agreed		Total number of exit packages by cost band		Total cost of exit packages in each band	
	17/18	18/19	17/18	18/19	17/18	18/19	17/18 £'000	18/19 £'000
£0 - £20,000	1	-	13	1	14	1	43	10
£20,001 - £40,000	-	-	-	-	-	-	-	0
£40,001 - £60,000	-	1	-	-	-	1	-	52
£60,001 - £80,000	-	-	-	-	-	-	-	0
£80,001 - £100,000	-	-	-	-	-	-	-	0
Over £100k	-	-	-	-	-	-	-	0
Total	1	1	13	-	14	2	43	62

28. External Audit Fees

The Authority has incurred the following costs in relation to the audit of the Statement of Accounts, certification of grant claims and statutory inspections and to non-audit services provided by the Authority's external auditors.

2017/18		2018/19
£'000		£'000
43	Fees payable to external auditors with regard to external audit services carried out by the appointed auditor	35
-	Fees Payable to external auditors in respect of statutory inspections	-
14	Fees payable to external auditors for the certification of grant claims and returns	13
-	Fees payable in respect of other services provided by external auditors during the year	-
57	Total	48

Note 29. Grant income

The Authority credited the following grants, contributions and donations to the Comprehensive Income and Expenditure statement:

2017/18 £'000		2018/19 £'000
	Credited to Taxation and Non Specific Grant Income	
(2,193)	Community Infrastructure Levy	(1,665)
-	Access Improvement	(750)
(1,756)	New Homes Bonus (MHCLG)	(1,320)
(1,235)	S31 Small Business Rate Reduction	(1,602)
(9)	S31 Council Tax Family Annexes	(10)
(142)	S31 Discretionary Business Rate Reduction	-
(123)	Transitional Grant (MHCLG)	-
<u>(5,458)</u>	Total	<u>(5,347)</u>
	Credited to Services	
(26,599)	Benefit Subsidy (DWP)	(25,599)
(647)	Better Care Fund (was Disabled Facilities Grant) (KCC)	(1,499)
(659)	Community Facility Improvements	(1,418)
(381)	Housing Benefit Administration (DWP)	(353)
(121)	New Burdens (MHCLG)	(197)
(155)	Flexible Homelessness (MHCLG)	(179)
(87)	Homelessness (MHCLG)	(159)
(117)	Choosing Health PCT (KCC)	(117)
(31)	Communities against Drugs (KCC)	(34)
(22)	Individual Electoral Registration (CO)	(17)
-	EU Exit Fund (MHCLG)	(17)
-	Mental Health (KCC/ MHCLG)	(15)
(29)	Historic England	-
(45)	Other	(31)
<u>(28,893)</u>	Total	<u>(29,635)</u>

The authority receives grants, contributions and donations that have yet to be recognised as income as they have conditions attached to them that will require the monies or property to be returned to the giver if conditions are not met. The balances at year-end are as follows:

2017/18 £'000		2018/19 £'000
	Capital Grants Receipts in Advance	
(411)	Better Care Fund (KCC)	(21)
-	Community Infrastructure Levy	-
(12)	Regional Housing Pot (KCC/MHCLG)	(12)
<u>(423)</u>	Total	<u>(33)</u>

2017/18 £'000		2018/19 £'000
	Revenue Grants Receipts in Advance	
(6,193)	Section 106 receipts	(6,959)
(39)	Historic England	-
<u>(6,232)</u>	Total	<u>(6,959)</u>

Note 30. Related Party Transactions

The Authority is required to disclose material transactions with related parties, bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

Central Government

Central Government has significant influence over the general operations of the Authority – it is responsible for providing the statutory framework within which the Authority operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Authority has with other parties (e.g. council tax bills, housing benefits). Grants received from government departments are set out in the subjective analysis in note 24 on reporting for resources allocation decisions. Grant receipts outstanding at 31 March 2019 are shown in note 29.

Members

Members of the Council have direct control over the Council's financial and operating policies. The total of members' allowances paid in 2018/19 is shown in note 26. Returns were obtained from Members in respect of the 2018/19 financial year requesting details of any transactions that had taken place between them or close family members and the Council. For all the organisations listed in the table below the relationship to the organisation was that the member was in a position of general control or management.

Related party disclosure forms were sent to all members and chief officers who had served during the year. However a number of forms were not returned so the disclosure has been based on their previous years returns.

Paid to (Supplier) £'000	2017/18		Organisation	Paid to (Supplier) £'000	2018/19	
	Received From (Customer) £'000	Balance at 31/03/18 £'000			Received From (Customer) £'000	Balance at 31/03/19 £'000
2	1	0	New Ash Green Village Association Ltd	0	0	0
1	1	0	Stag Community Arts Centre	3	0	0
8	12	0	West Kent Mind	46	15	0

Other payments were made to the following organisations where members held position of authority or representation

2017/18 £'000	Organisation	2018/19 £'000
3	Sevenoaks District Arts Council	3
3	Sevenoaks District Sports Council	3
99	Citizens Advise Burueax	99

The Register of Members' Interests is open to public inspection.

Senior Officers

Senior officers of the Council have control over the day to day management of the authority. The Chief Executive and Chief Officers are required to declare any related party transactions. Three officers are Directors of Quercus 7 Limited and Quercus Housing Limited and the Monitoring Officer is the Company Secretary.

Kent County Council pension fund – see note 35.

Assisted organisations – the Council provided material financial assistance to the following organisation:

Sevenoaks Leisure Limited – management fee of £26,950 (2017/18 £36,950) and a Development Fee of £20,000 (2017/18 £20,000). Two members are Sevenoaks District Council appointed directors of Sevenoaks Leisure Limited. A loan of £600,000 was given to Sevenoaks Leisure Limited to refurbish the fitness centre at Sevenoaks Leisure Complex. The term of the loan was 10 years, with a redemption date of March 2028 and interest of 6% per year.

Quercus 7 Limited

Council on 31 March 2015 authorised the incorporation of a company and this was incorporated on 31 December 2015 (Quercus7 Limited Number 09933195). Three Chief Officers were appointed as Directors and there are two Non-Executive Directors. The trading activities of the company will be overseen by the Cabinet. The Articles of Association state that there can only be one shareholder and is defined as all the Members of SDC. The liability of the Council is limited to the nominal of its share capital.

The Company will enable the Council to operate property development on a commercial basis as well as allowing the Council to invest in residential property to be leased.

The company has acquired its first commercial property but due to the value of the acquisition group accounts are not required. During the year the company were given credit facilities for business expenses totalling £106,569. Quercus 7 Limited also has secured long term borrowing of £321,866.

Quercus Housing Limited

Council on 21 November 2017 authorised the incorporation of a company and this was incorporated on 13 April 2018 (Quercus Housing Limited Number 11307980). Three Chief Officers were appointed as Directors and there are two Non-Executive Directors. The trading activities of the company will be overseen by the Cabinet. The company is limited by guarantee.

Sevenoaks District Council has ultimate control over the activities of the Company and the Company's operational matters. The Company will enable the Council to operate develop affordable housing using Section 106 receipts.

The company has not traded and has no assets and therefore there is no requirement to produce group accounts. Work undertaken by officers on company business will be charged to the company. During the year the company were given credit facilities for business expenses totalling £77,679.

Shared Services

The Authority has a shared service arrangement with Dartford Borough Council to provide various services namely Revenues and Benefits, Audit, and Environmental Health. There is a shared Building Control Service with Tonbridge and Malling. The Licensing Partnership is a shared service with Maidstone, Tunbridge Wells and London Borough of Bexley Councils. The relevant costs to the Council are accounted for within the Comprehensive Income and Expenditure Statement.

Note 31. Capital Expenditure and Capital Financing

The total amount of capital expenditure incurred in the year is shown in the table below, together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Authority, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the authority that has yet to be financed. The Capital Financing Requirement is analysed in the second part of this note.

2017/18		2018/19
£'000		£'000
(9,642)	Opening Capital Financing Requirement	(13,807)
	Capital Investment:	
9,062	Property, Plant & Equipment	11,765
-	Intangible Assets	-
-	Surplus Assets	-
202	Investment Properties	203
1,336	Revenue Expenditure Funded from Capital under Statute	4,589
10,600		16,557
	Sources of Finance:	
(371)	Capital Receipts	(148)
(1,318)	Government Grants and other contributions	(2,917)
(4,596)	Sums set aside from revenue	(4,130)
(6,285)		(7,195)
150	MRP for the year	150
(13,807)	Closing Capital Financing Requirement	(23,019)

Note 32 Leases

Operating Leases

Authority as Lessee

In 2014/15 the Council entered into an operating lease for land adjacent to 66 London Road Sevenoaks (the 'Top Car Park'). This lease is for 15 years.

In 2015/16 the Council entered into an operating lease for vending machines for Argyle Road. The lease is for 3 years.

Payments under operating leases for the car park and vending equipment during the year amounted to £41,516 (£41,516 in 2017/18).

31/03/18		31/03/19
£'000	Minimum Lease Payments	£'000
48	Not later than one year	48
197	Later than one year and not later than five years	202
273	Later than five years	221
<u>518</u>	Total	<u>471</u>

Authority as Lessor

The council operate a number of properties where it is the Lessor. The future income receivable under non-cancellable leases is detailed below.

31/03/18		31/03/19
£'000		£'000
928	Not later than one year	1,470
3,511	Later than one year and not later than five years	5,001
1,287	Later than five years	7,457
<u>5,725</u>		<u>13,928</u>

The lease payments receivable do not include rents that are contingent on events taking place after the leases were entered into such as adjustments following rent reviews.

The Council also owns various smaller leases including estate shops and some leisure establishments. The future rentals are not listed here as they are not considered to be material.

Finance Leases

Authority as Lessee

The Council has no finance leases as a lessee.

Authority as Lessor

The Authority has classified one lease it has granted, as a finance lease. This is due to the length of the lease agreement in relation to the asset's useful life at the inception of the lease, and the value of lease payments to asset value. The Authority recognises a gross investment in the lease, made up of the minimum lease payments expected to be received over the remaining term and the residual value anticipated for the property when the lease comes to an end. The minimum lease payments comprise settlement of the long-term debtor for the interest in the property acquired by the lessee and finance income that will be earned by the Authority in future years whilst the debtor remains outstanding. The gross investment is made up of the following amounts.

31/03/18		31/03/19
£'000		£'000
225	Gross Investment in the Lease	200
31	Estimated Residual value	31
154	Net Investment in the lease (Gross Investment discounted by implic	145
71	Unearned Finance Income	55
The gross investment in the lease will be received over the following periods.		
23	Not later than one year	23
115	Later than one year and not later than 5 years	114
86	Later than 5 years	62
<u>224</u>	<u>Total</u>	<u>199</u>

Note 33. Impairment Losses

During 2018/19 there were no impairment losses on the Council's property assets.

Note 34. Termination Benefits

The Authority terminated the contracts of 2 employees in 2018/19, incurring costs of £62,000 (£43,000 in 2017/18) – see note 27 for the number of exit packages and total cost per band.

Note 35. Defined Benefit Pension Schemes

Participation in Pension Schemes

As part of the terms and conditions of employment of its officers, the Authority makes contributions towards the cost of post employment benefits. Although these will not actually be payable until the employees retire, the Authority has a commitment to make the payments that need to be disclosed at the time that employees earn their future entitlement.

Characteristics of the Defined Benefit Scheme

The Authority participates in the Local Government Pension Scheme, administered by Kent County Council. This is a funded defined benefit final salary scheme, meaning that the Authority and employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets.

Participation in a defined benefit pension scheme means that the Authority is exposed to a number of risks, statutory changes to the scheme, change to inflation, bond yields and the performance of the equity investments held by the scheme.

- Investment risk. The Fund holds investments in asset classes, such as equities, which have volatile market values and while these assets are expected to provide real returns over the long term, the short term volatility can cause additional funding to be required if a deficit emerges.
- Interest Rate risk. The Fund's liabilities are assessed using market yields on high quality corporate bonds to discount future liability cashflows. As the Fund holds assets such as equities, the value of the assets and liabilities may not move in the same way.
- Inflation risk. All of the benefits under the Fund are linked to inflation and so deficits may emerge to the extent that assets are not linked to inflation.
- Longevity risk. In the event that the members live longer than assumed, a deficit will emerge in the Fund. There are also other demographic risks.

All the above risks may also benefit the Authority e.g. higher than expected investment returns or employers leaving the Fund with excess assets which eventually get inherited by the remaining employers.

Transactions relating to Post Employment Benefits

The Authority recognises the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge we are required to make against council tax is based on cash payable in the year, so the real cost of post-employment benefits is reversed out of the General Fund via the Movement in Reserves Statement.

The following transactions have been made in the Comprehensive Income and Expenditure statement and the General Fund balance via the Movement in Reserves Statement during the year:

2017/18 £'000		2018/19 £'000
Comprehensive Income and Expenditure Statement		
	Cost of Services	
	Service cost comprising:	
4,066	Current Service cost	3,956
-	Past Service costs	-
2,626	Net Interest Expense (includes administration expense)	2,335
6,692	the Provision of Services	6,291
Other post employment charged to the Comprehensive Income and Expenditure Statement		
Remeasurement of the net defined liability comprising:		
	Return on plan assets (excluding the amount included in the net	
(663)	interest expense)	(4,805)
-	Other actuarial (gains)/losses on assets	-
-	Actuarial (gains) and losses arising on change in demographic assumptions	(10,219)
(8,572)	Actuarial (gains) and losses arising on changes in financial assumptions	8,293
-	Other	-
(9,235)	Total post employment benefits charged to the Comprehensive Income and Expenditure statement	(6,731)
Movement in Reserves Statement		
	Reversal of net charges made to the Surplus or Deficit on the	
	Provision of Services for post employment benefit in accordance with	
6,692	the Accounting Code of Practice	6,291
	Actual Amount charged against the General Fund balance for pensions in the year	
3,301	Employers contributions payable to the scheme	3,399

Pensions Assets and Liabilities recognised in the Balance Sheet

2017/18 £'000		2018/19 £'000
	Present value of the Defined Obligations	
(181,594)	Present value of Funded Liabilities	(184,004)
(1,913)	Present Value of Unfunded Liabilities	(1,721)
(183,507)	Total Defined Benefit Obligation	(185,725)
92,094	Fair Value of plan assets (at bid value)	98,151
(91,413)		(87,574)

Reconciliation of movements in the fair value of scheme assets

Scheme Assets

The scheme's assets consist of the following categories, by proportion of the total assets held:

31/03/18		31/03/19
%		%
66	Equity investments	68
1	Gilts	1
10	Bonds	9
13	Property	12
3	Cash	2
7	Absolute Return Fund	8
100	Total	<u>100</u>

Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. The Kent County Council Fund liabilities have been assessed by Barnett Waddingham, an independent firm of actuaries, estimates for the fund being based on the latest full valuation of the scheme as at 31 March 2016.

The principal assumptions used by the actuary have been:

2017/18		2018/19
Mortality Assumptions:		
Longevity at 65 for current pensioners		
23	Men	22
25	Women	24
Longevity at 65 for future pensioners		
25	Men	24
28	Women	26
Financial Assumptions		
2.30%	Rate of Inflation (CPI)	2.40%
3.80%	Rate of increase in salaries	3.90%
2.30%	Rate of increase in pensions	2.40%
2.55%	Rate for discounting scheme liabilities	2.40%
50.00%	Take-up of option to convert annual pension into retirement lump sum	50.00%

Barnett Waddingham estimate the duration of Employers liabilities at 18 years.

Return on Assets

For accounting years beginning on or after 1 January 2013, the expected return and the interest cost has been replaced with a single net interest cost, which effectively sets the expected return to the discount rate. The discount rate is the annualised yield at the 18 year point on the Merrill Lynch AA rated corporate bond curve which was chosen by the actuaries to meet the requirements of IAS19 and with consideration of the duration of Employers liabilities.

Sensitivity Analysis

The estimation of the defined Benefit Obligation is sensitive to actuarial assumptions. The financial impact on the Defined Benefit Obligation in the scheme to variances in those assumptions are given in the following table. These assumptions are based on the present value of the total obligation of £185.7m.

	Increase of 0.1% £'000	Decrease of 0.1% £'000
Adjustment to discount rate		
Present value of total obligation	182,397	189,116
Projected Service Cost	3,846	4,026
Adjustment to long term salary increase		
Present value of total obligation	185,994	185,457
Projected Service Cost	3,935	3,935
Adjustment to pensions increases and deferred revaluation		
Present value of total obligation	188,843	182,662
Projected Service Cost	4,026	3,846
	Increase 1	Decrease 1
Adjustment to mortality age rating assumptions	year	year
Present value of total obligation	192,464	179,223
Projected Service Cost	4,070	3,804

Projected Pension Expense for the year to 31 March 2020

	2018/19 Projection £'000
Service Cost	3,935
Net interest on the defined liability	2,060
Administration expense	49
Total	<u>6,044</u>
Employer Contributions	3,263

As part of the terms and conditions of employment of its officers, the Authority makes contributions towards the cost of post employment benefits. Although these benefits will not actually be payable until employees retire, the Authority has a commitment to make the payments that need to be disclosed at the time that employees earn their future entitlement.

The Authority participates in the Local Government Pension Scheme, administered by Kent County Council. This is a funded defined benefit final salary scheme, meaning that the Authority and employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets.

Note 36. Contingent Liabilities

Non domestic rates on ATMs

On 9th November 2018, the Court of Appeal concluded a long-running dispute, in effect reversing the Upper Tribunal's judgement that business rates were payable on ATMs on the grounds that they were separate hereditaments for rating purposes. As the decision affects both the 2010 and 2017 rating lists, it has been estimated that the likely cost to the Council will be £446,000 before consideration of future years' income. The Valuation Office Agency has since asked for permission to

appeal to the Supreme Court. It is understood that the Supreme Court may take up to June 2019 to decide whether or not to hear the case as well as a further two years before making its judgement.

Note 37. Contingent Assets

The Council transferred the remaining part of its housing stock to Moat Housing Association in 1993. When Shared Ownership Lessees purchase further equitable shares in their property the Council receives the proceeds of purchasing the further share, less certain costs. This contingent asset applies for a period of 30 years commencing in 1993.

Note 38. Heritage Assets

Heritage Assets are recognised and measured (including the treatment of revaluation gains and losses) in accordance with the Council's accounting policies for Property, Plant and Equipment as set out in Note 10.

Oxford Palace Gatehouse is not held on the balance sheet as the Council considers that obtaining a robust and accurate valuation for this unique and specialist property would be not straightforward and the cost would be disproportionate to the benefit of the user of these accounts.

At present the Council has no other material heritage assets and these are valued for insurance purposes only.

Note 39. Highway Infrastructure Assets (Transport Infrastructure Assets Code)

The Council owns two roads and some footpaths, however these components do not form a network of Highways Infrastructure Assets and have therefore not been recognised in the balance sheet as Highways assets.

**THE COLLECTION FUND
INCOME AND EXPENDITURE ACCOUNT**

This statement represents the transactions of the Collection Fund, a statutory fund separate from the General Fund of the Council. The Collection Fund accounts independently for income and expenditure relating to Council Tax and Non-Domestic Rates on behalf of Central Government, precepting authorities and the Council's own General Fund. The costs of administering collection are accounted for in the General Fund and the Collection Fund balance sheet is incorporated into the Council's consolidated balance sheet.

Note 1 Council Tax

Council tax income derives from charges raised according to the value of residential properties, which have been classified into 8 valuation bands estimating 1 April 1991 values for this specific purpose. A different ratio is applied to a small number of properties in band A that have been adapted for use by a disabled person. Individual charges are calculated by estimating the amount of income required to be taken from the Collection Fund by Kent County Council, the Police and Crime Commissioner for Kent, Kent & Medway Fire and Rescue Authority and the District Council for the forthcoming year and dividing this by the tax base (i.e. the number of chargeable dwellings in each valuation band, adjusted for dwellings where discounts apply, converted to an equivalent number of band D dwellings). This gives rise to the basic amount of council tax for a band D property. Taxes for other bands are derived by applying the ratio in the following table to the band D tax.

The tax base for 2018/19 was approved by Cabinet in January 2018 as follows:

Band	2017/18			2018/19		
	Estimated no. of taxable properties	Ratio	Band D equivalent dwellings	Estimated no. of taxable properties	Ratio	Band D equivalent dwellings
A*	2.57	5/9ths	1.40	3.06	5/9ths	1.70
A	995.68	6/9ths	663.80	1,017.37	6/9ths	678.20
B	1,916.90	7/9ths	1,490.90	1,947.96	7/9ths	1,515.10
C	8,246.78	8/9ths	7,330.50	8,437.97	8/9ths	7,500.40
D	9,843.80	9/9ths	9,843.80	9,951.51	9/9ths	9,951.50
E	6,585.23	11/9ths	8,048.60	6,640.51	11/9ths	8,116.20
F	5,399.29	13/9ths	7,799.00	5,429.43	13/9ths	7,842.50
G	7,124.89	15/9ths	11,874.80	7,158.47	15/9ths	11,930.80
H	1,305.69	18/9ths	2,611.40	1,324.95	18/9ths	2,649.90
	<u>41,420.83</u>		<u>49,664.20</u>	<u>41,911.23</u>		<u>50,186.30</u>
Contributions in lieu for Crown property			16.00			15.90
			<u>49,680.20</u>			<u>50,202.20</u>
Collection rate adjustment			99.40%			99.40%
Council Tax Base			<u>49,382.42</u>			<u>49,902.89</u>

The tax rate for a band D property in 2018/19 was £1,691.14, excluding Town and Parish Council taxes (2017/18 = £1,612.09).

	2017/18	2018/19
	£	£
Kent County Council	1,178.82	1,237.68
Police & Crime Commissioner for Kent	157.15	169.15
Kent & Medway Fire & Rescue Authority	73.35	75.51
Sevenoaks District Council	202.77	208.80
	<u>1,612.09</u>	<u>1,691.14</u>
Town & Parish Councils (Average)	81.13	84.71
TOTAL (including an average town & parish rate)	<u>1,693.22</u>	<u>1,775.85</u>

Note 2 Non-Domestic Rates (NDR)

In 2013/14, the administration of NDR changed following the introduction of a business rates retention scheme which aims to give Councils a greater incentive to grow businesses but also increases the financial risk due to volatility and non-collection of rates. Instead of paying NDR to the central pool, local authorities retain a proportion of the total collectable rates due. When the scheme was introduced, Central Government set a baseline level for each authority identifying the expected level of retained business rates and a top up or tariff amount to ensure that all authorities receive their baseline amount. Tariffs due from authorities payable to Central Government are used to finance the top ups to those authorities who do not achieve their targeted baseline funding.

This Council joined with all of the other councils in Kent, including Kent County Council and Medway Council, in a successful bid to take part in a government pilot for 100% business rates retention in 2018/19. The ambition is to test the aptitude for collaboration when giving local authorities more autonomy to keep all of their business rates income and forego some existing grants. Grants and business rates tariffs will be adjusted to reflect the additional business rates income that will be retained but the government has underwritten the scheme with a "No Detriment" clause.

Non-domestic rates are calculated on a national basis. For 2018/19, the Government specified a "rate poundage" of 49.3p (2017/18: 47.9p) for large businesses or 48.0p (2017/18: 46.6p) for small businesses and, subject to the effects of transitional arrangements, local businesses pay rates calculated by multiplying their rateable value by that amount.

The NDR income after relief and provisions of £36,279,000 for 2018/19 (2017/18: £33,503,000) was based on the total rateable value for the Council's area, which at 31 March 2019 was £93,946,679 (31 March 2018: £94,102,418). A revaluation of all non-domestic properties took effect from 1 April 2017.

Note 3 Contributions to Collection Fund surpluses and deficits

In January each year the Council must estimate the amount of the surplus or deficit expected to arise on the Collection Fund for the coming 31 March in respect of council tax and, from the financial year 2013/14 onwards, in respect of NDR. The estimated surplus or deficit is then shared between Kent County Council, the Police and Crime Commissioner for Kent, Kent & Medway Fire & Rescue Authority, Central Government and the District Council as appropriate.

In January 2018, the estimated balance at 31 March 2018 in respect of council tax transactions was a surplus of £1,519,501. It was shared between Kent County Council, the Police and Crime Commissioner for Kent, Kent & Medway Fire & Rescue Authority and the District Council in proportion to their precepts on the Collection Fund in 2017/18 and taken into account by the respective authorities in the calculation of their council taxes for 2018/19. The actual position at 31 March 2018 was a surplus of £1,162,257.

The actual surplus of £43,682 at 31 March 2019 in respect of council tax and the actual surplus of £938,010 in respect of NDR will be taken into account when estimating the surplus or deficit for 2019/20.

Note 4 Allocation of arrears, prepayments and other balances

Each of the bodies share of the arrears, pre-payments/refunds and other balances for both council tax and NDR is shown in the table below.

	KCC £000	PCC £000	KMFRA £000	Gov't £000	SDC £000	Total £000

GLOSSARY OF TERMS

Most terms are explained within the “Explanatory Foreword” and “Statement of Accounting Policies” sections of the accounts

Accounting Period. The period of time covered by the accounts, normally 12 months starting on 1st April for Local Authority accounts.

Accrual. Item relating to, and accounted for in, one accounting period but actually paid in another.

Actual. The final amount of expenditure or income which is recorded in the Council's accounts.

Agency and Contracted Services. Services purchased from another public body or external organisation and subject to a contract. Includes the services provided by Direct Services.

Assets Held for Sale. Where there is reasonable certainty that an item of property, plant or equipment is likely to be disposed of via a sale in the next twelve months.

Budget. A statement of the Council's plans for net revenue and capital expenditure over a specified period of time.

Budget Requirement. Broadly the authority's estimated net revenue expenditure after allowing for movement in reserves and the addition of parish precepts, to be met from revenue support grant, retained non-domestic rates and council tax income.

Business Rate Retention Scheme. A scheme introduced in April 2013 under which billing authorities are able to retain a proportion of the business rates they collect.

Capital Expenditure. The acquisition, construction, enhancement or replacement of tangible fixed assets (i.e. land, buildings, structures etc.), the acquisition of investments and the making of grants, advances or other financial assistance towards expenditure by other persons on tangible fixed assets or investments.

Capital Financing Requirement. The difference between Capital Expenditure and the resources available to finance such expenditure from grants/contributions, capital receipts or revenue funds. This indicates the fundamental requirement to borrow.

Capital Programme. The capital projects the Council proposes to undertake over a set period of time.

Capital Receipts. Money obtained on the sale of a capital asset.

Code of Practice on Local Authority Accounting in the United Kingdom 2018/19 (The Code) This specifies the principles and practices of accounting required to prepare a Statement of Accounts which represents a ‘true and fair view’ of the financial position and transactions of the Council.

CIPFA. Chartered Institute of Public Finance and Accountancy.

Collection Fund. The fund into which council tax and non-domestic rates are paid, and from which we meet demands by preceptors and central government.

Contingent Liabilities. Contingent liabilities are either:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence of one or more uncertain future events not wholly within the organisation's control, or
- (b) a present obligation that arises from past events but is not recognised because:
 - (i) it is not probable that a transfer of economic benefits will be required to settle the obligation, or
 - (ii) the amount of the obligation cannot be measured with sufficient reliability.

Corporate and Democratic Core. Costs involved in corporate policy making, representing local interests (including civic ceremonials), support to elected bodies and duties arising from public accountability.

Cost Centre. An individual unit to which items of income or expenditure are charged for managerial or control purposes.

Council Tax. A local tax set by Councils to help pay for local services. There is one bill per dwelling based on its relative value compared to others in the area. There are discounts, including where only one adult lives in the dwelling. Bills will also be reduced for properties with people on low incomes, some people with disabilities and some other special cases.

Council Tax Base. The measure of the taxable capacity of an area. It represents the estimated full year equivalent number of chargeable dwellings in an area, expressed as the equivalent number of band D dwellings, after allowing for disabled reduction (relief) and discounts, adjusted for an allowance for non-collection.

Creditors. People or organisations from whom we have received goods or services and as a consequence owe money.

Current Liabilities. Those amounts which will become payable or could be called upon within the next accounting period e.g. creditors and cash overdrawn.

Debtors. People or organisations who owe money to the Council.

Deferred Capital Receipts. Capital Receipts which will accrue in the future, such as mortgage repayments.

Depreciation. A charge to a revenue account to reflect the reduction in the useful economic life of a fixed asset.

DfT. Department for Transport.

DWP. Department for Work and Pensions.

ECL. Expected credit loss. Credit loss in relation to a financial instrument is a cash shortfall measured by the difference between the net present value of all contractual cash flows that are due to an authority in accordance with the contract for the instrument and the net present value of all the cash flows that the authority expects to receive, discounted at the original effective interest rate.

Employee Costs. This includes the full costs of employees including salaries, employer's contributions to national insurance and superannuation, and the costs of leased cars.

Events after the Reporting Period. The occurrence of a material event between the balance sheet date and the date the accounts are authorised for issue, which might have a bearing on the financial results of the organisation. In such cases the event should be reflected in the Statement of Accounts as a note or amendment.

FAC. Finance Advisory Committee.

Fees and Charges. In addition to income from council tax payers, business ratepayers and the government, local authorities charge for some services, e.g. local land charge searches and car parking.

FVCOI. Fair value through other comprehensive income, a class of Financial Assets.

FVPL. Fair value through profit or loss, a class of Financial Instruments.

General Fund. The main revenue fund of the Council from which payments are made to provide services and into which receipts are paid, including the District Council's share of council tax and non-domestic rates income.

Government Grants. Payments by government towards either the revenue or capital cost of local authority services. These may be either in respect of particular services called specific grants, e.g. housing benefits, or in aid of local services generally, e.g. revenue support grant.

Heritage Assets. Heritage assets are tangible assets with historical, artistic, scientific, technological, geophysical or environmental qualities held and maintained principally for their contribution to knowledge and culture.

Impairment. A downward revaluation of an asset.

KCC. Kent County Council.

KMFRA. Kent and Medway Fire and Rescue Authority.

LASAAC. Local Authority (Scotland) Accounts Advisory Committee An organisation that jointly with CIPFA forms the Local Authority Code Board. This board is responsible for preparing, maintaining, developing and issuing the Code of Practice on Local Authority Accounting for the United Kingdom.

Leasing. A method of financing the acquisition of equipment, vehicles etc. The items concerned do not belong to the user (or lessee) but are the property of the lessor to whom the lessee pays an annual rental for a specific period of time.

MBC. Maidstone Borough Council.

MHCLG. Ministry of Housing, Communities and Local Government (formerly DCLG)

MRP. Minimum Revenue Provision.

Non-Domestic Rate (NDR). Non-domestic rates are levied on business properties based on the rateable value of the property multiplied by a rate in the pound set nationally by the Government. Local authorities retain a proportion of the total collectable rates

PCC. Police and Crime Commissioner.

Prior year adjustments. Material adjustments applicable to prior years arising from changes in accounting policies or from the correction of fundamental errors. They do not include normal corrections or adjustments of accounting estimates made in prior years.

Precept. The demand on the collection fund by one authority (e.g. Kent County Council) which is collected from the council tax payer by another (e.g. Sevenoaks). Precepts on Sevenoaks are also made by the Police and Crime Commissioner for Kent, Kent & Medway Fire & Rescue Authority, plus Town and Parish Councils in the District.

Premises Expenses. Includes expenditure on repairs, buildings, grounds and plant maintenance, energy, rents, rates, water services and cleaning of council buildings.

Provisions. Funds to provide for liabilities or losses which are known obligations, but are uncertain as to amounts or dates.

Recharges. The transfer of costs from one account to another.

REFCUS (Revenue Expenditure Funded from Capital Under Statute). Expenditure which legislation classifies as capital but which does not result in the creation of a fixed asset belonging to the authority. An example is where the Council pays a grant to a private householder for adaptations required by a person with disabilities; the work done is capital in nature, but the resultant asset does not appear on the Council's balance sheet because it belongs to the private householder. These were previously defined as deferred charges.

Related Party Transactions. The transfer of assets or liabilities or the performance of services by, to or for a related party irrespective of whether a charge is made.

Reserves. The general capital and revenue balances of the Council. There are two types of reserves which might be described as either available or not available to finance expenditure. Revenue reserves which result from monies being set aside, surpluses or delayed expenditure can be spent or earmarked at the discretion of the Council. The usable capital receipts reserve is also available to the extent allowed for by statute. However, other capital reserves are not available to meet expenditure, e.g. the reserves brought about by the capital accounting requirements namely the capital adjustment account and the revaluation reserve.

Revenue Expenditure. Expenditure to meet the continuing cost of services including wages and salaries, purchase of materials and financing charges on capital expenditure.

Revenue Support Grant (RSG). The general Government grant to local authorities. It is payable to all local authorities in support of expenditure in their area.

Revised Estimates. The approved estimates for the current year as amended e.g. by supplementary estimates and virement.

SDC. Sevenoaks District Council

Specific Grant. Government grant for specific purposes. The Authority does not have the power to apply such grants for other purposes

Supplies and Services. Includes expenditure on equipment and materials.

Support Services. The charges made by central functions for the services they provide to other departments. These are services which support the provision of services to the public, other support services and the corporate and democratic core. This includes the provision of accommodation, IT, administrative items purchased centrally, (e.g. telephones, stationery and bank charges), central professional services (Human Resources, Legal and Property, and Finance support) and the cost of providing some centrally provided services e.g. post distribution and contact centre.

Transfer Payments. Payments to other bodies where no goods or services are received in return e.g. Housing Benefit grants.

TMBC. Tonbridge and Malling Borough Council.

TWBC. Tunbridge Wells Borough Council.

Valuation Bands. To calculate the relative value of dwellings for council tax purposes each dwelling is placed on a valuation list in one of eight bands ranging from A to H. Within a local area, the Council tax will vary between the different bands according to proportions laid down by law. The bands are based on property values as at April 1991.

Band	Value	Proportion
A	Up to £40,000	6/9
B	Over £40,000 and up to £52,000	7/9
C	Over £52,000 and up to £68,000	8/9
D	Over £68,000 and up to £88,000	9/9
E	Over £88,000 and up to £120,000	11/9
F	Over £120,000 and up to £160,000	13/9
G	Over £160,000 and up to £320,000	15/9
H	Over £320,000	18/9

Virement. A transfer of budget provision from one budget to another.

ANNUAL GOVERNANCE STATEMENT 2018/19

1. Background

1.1 Further to the Accounts and Audit (England) Regulations 2015, the Council is required to produce an Annual Governance Statement (to be published with its financial statements) which sets out its arrangements for delivering good governance within the framework of sound internal controls.

1.2 The Annual Governance Statement (AGS) is a corporate document involving a variety of people charged with developing and delivering good governance including:

- the Leader of the Council and the Chief Executive (Head of Paid Service) as signatories;
- Chief Officers, Heads of Service and relevant managers assigned with the ownership of risks and the delivery of services;
- the Chief Finance Officer who is responsible for the administration of the Council's financial affairs under Section 151 of the Local Government Act 1972;
- the Monitoring Officer in meeting statutory responsibilities of ensuring the legality of Council business;
- the Council's Internal Audit function, in particular the Annual Audit Opinion;
- Members (for example, through the committees such as the Governance, Audit, Scrutiny and the Policy and Performance Advisory Committees); and
- others responsible for providing assurance, in particular Grant Thornton, in their role as the Council's External Auditor.

1.3 Thus the AGS is owned by all Senior Officers and Members of the Council, because governance itself relies on all Officers and Members. A shared approach was taken in compiling the AGS with the objective of engaging all managers integrally involved in the delivery of services covering the whole authority within the process and also encouraging a high degree of reflection and corporate learning. This increases the statement's significance and encourages managers to objectively assess their responsibilities.

1.4 The system of corporate governance highlighted in the AGS, together with the system of internal control, is reviewed continually throughout the year as part of routine governance and managerial processes; examples being the authority's performance management and risk management frameworks.

1.5 Although corporately owned, the AGS requires internal control assessments and assurance statements from individual Heads of Service and relevant managers, Chief Officers, the Internal Audit Manager, the Head of Paid Service, the Monitoring Officer and the Section 151 Officer, all of which were obtained as part of this process.

2. Scope of Responsibility

2.1 Sevenoaks District Council (the Council) is responsible for ensuring that its business is conducted in accordance with the law, proper standards, good governance and that public money is safeguarded from waste, extravagance or misappropriation. The Council seeks to ensure that its expenditure and activities are transparent and properly accounted for. Under the Local Government Act 1999 the Council has a duty to make proper arrangements to secure continuous improvement in the way in which it carries out its functions, having regard to ensuring economy, efficiency, effectiveness and fairness in the exercise of its responsibilities. In discharging this overall responsibility, to ensure its business is conducted in accordance with the law, proper standards and delivering continuous improvements. Sevenoaks District Council is also responsible for ensuring that there is a system of corporate governance which facilitates the effective and principled exercise of the Council's functions and which includes arrangements for the effective management of risk. The Council seeks to conduct these responsibilities within the framework of high quality service provision to enhance and facilitate community wellbeing and engagement.

2.2 The roles of the Chief Executive (as Head of Paid Service), the Section 151 Officer and the Monitoring Officer are defined within Part 13 of the Council's Constitution. The Executive Role of Members is defined within Part 4 of the Council's Constitution.

2.3 Officers and Members are expected to conduct themselves in a proper manner in accordance with the Constitution and both are expected to declare interests that may impact on the objectivity of the Council's decision making process. These interests are held on a register and are reviewed on a regular basis by the Monitoring Officer.

2.4 Sevenoaks District Council has approved and adopted a code of corporate governance, which is consistent with the principles of the CIPFA / SOLACE (Chartered Institute of Public Finance and Accountancy / Society of Local Authority Chief Executives) Framework Delivering Good Governance in Local Government. A copy of the code can be obtained from the Internal Audit Team This statement explains how Sevenoaks District Council has implemented both the code and the requirements of the Accounts and Audit (England) Regulations 2015 in relation to the publication of an Annual Governance Statement. This was last adopted by the Audit Committee on 26 September 2017.

3. The Purpose of the Governance Framework

3.1 The governance framework comprises the systems and processes, culture and values, by which the Council informs, directs, manages and monitors its operations, and its activities through which it accounts to, engages with and empowers the community. It enables the authority to evaluate the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.

3.2 The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and to assess the impact should they be realised, and to manage them efficiently, effectively and economically. It also seeks to maximise available opportunities in achieving good value for money and delivering objectives and priorities.

3.3 The governance framework has been in place at Sevenoaks District Council for the year ended 31 March 2019 and up to the date of approval of the Statement of Accounts.

4. The Governance Framework

4.1 The following represent the key elements of the Council's governance framework:

- The Council's vision and promises up to November 2018 were set out in its Corporate Plan, and was replaced by the Council Plan for the remainder of the year, which was approved by Council on 20 November 2018. The Corporate Plan and Council Plan sets out the actions that the Council has committed to undertake to deliver on its promises with progress against these reviewed annually. The Sevenoaks District Community Plan covers the period from 2013-28. Every three years the Community Plan is comprehensively reviewed in consultation with residents and other interested stakeholders. A three-year action plan is agreed with partners at each review point, with the action plan covering the period from 2016 to 2019. Progress against each of the actions is reviewed quarterly with an Annual Report produced each year.
- The existing plans above are subject to considerable Member review and challenge by Cabinet, or the appropriate Advisory/Scrutiny Committee and ultimately by the full Council. The governance arrangements continued to operate well during the year. The arrangements include an Audit Committee, whose terms of reference is consistent with CIPFA standards.

The promises and priorities within the plans are also cascaded to individuals within the Council through Service Plans and individual action plans via the staff appraisal process.

- Policy and decision-making is facilitated through reports from Officers to Cabinet and Council. Each Cabinet Member has responsibility for a specific portfolio and will take decisions on matters relevant to that portfolio. Each portfolio also has an Advisory Committee, which will consider officer reports in advance of them being considered by Cabinet and provide their recommendations on the policy direction or decision making of the Cabinet or Council. The Scrutiny Committee has the opportunity to ‘call-in’ the decisions of Cabinet and to recommend changes to decisions or policies.
- The Council’s Constitution specifies the roles and responsibilities of Members and Officers and the financial and procedural rules for the efficient and effective discharge of the Council’s business.
- Implementation of established policies, procedures, laws and regulations and good practice is achieved through:

a) Internal Audit

The Council’s Internal Audit service is provided in partnership with Dartford Borough Council.

During 2018/19, the internal audit team have worked to deliver and achieve the annual audit plan, approved by the Audit Committee in April 2018. The service has provided regular updates to Members on the outcomes of audit work, progress on implemented audit actions, and also updates regarding the outstanding actions from the External Quality Assessment.

In August 2018 the Council entered into a secondment with Mid Kent Audit for the provision of an Audit Manager, a role that also fulfils the Chief Audit Executive functions. Over the course of the year the service has taken steps to review, update and improve delivery of audit work, and the Internal Audit process has been revised to reflect the requirements of the Public Sector Internal Audit Standards (PSIAS).

Internal audit have issued no adverse audit conclusions in 2018/19, and audit actions have been agreed and fully implemented. The Audit Committee request details of outstanding or deferred high priority actions, and while the Committee has not expressed any concerns over 2018/19, they have the power to invite Officers to attend meetings to provide updates directly.

Individual audit reports continue to be issued and distributed to relevant Chief Officers, with copies to the Chief Executive and Section 151 Officer.

The effectiveness of the Internal Audit service was assessed in 2017/18 (using the PSIAS checklist) following the formal follow-up of the EQA by PricewaterhouseCoopers. The assessment highlighted a number of outstanding actions which have been address during 2018/19. The assessment will be undertaken again in early 2019/20 to inform the Annual Audit Opinion. The outcomes, along with any actions will be reported to the Audit Committee in July 2019.

The service review and future strategy of the Internal Audit partnership will be finalised in the coming year (2019/20) and the Audit Committee, as those charged with governance, will provide continued oversight and direction as required. As such, the operation of the service will also be monitored by the Strategic Management Team, and the Section 151 Officer.

b) External Audit

The external audit service is provided by Grant Thornton. The External Auditor's reports are sent to management and Members (via the Audit Committee). Recommendations and comments are considered and discussed with timely actions taken to address agreed recommendations.

Unqualified opinions were issued in relation to both financial statements and value for money for 2017/18.

c) Financial Management

The Section 151 Officer is required to give Members an opinion on the robustness of the budget estimates and the adequacy of reserves. Assurance on these factors is included in the Annual Budget Report to Council.

A robust budgetary control system is in place and regular monitoring reports are produced for the Strategic Management Team, Heads of Service and relevant managers, Cabinet and the Finance Advisory Committee. The Finance Team conduct monthly client liaison meetings with responsible budget holders.

d) Performance Management

Monitoring of progress towards the achievement of the Council's promises and objectives is undertaken through the Council's performance management system. Performance is monitored monthly and enhanced with commentaries from Heads of Service and Managers where performance is behind target. Strategic information is regularly reported to the Strategic Management Team, Cabinet, Scrutiny Committee and Advisory Committees.

e) Arrangements for Partnerships

The Council enhances value for money in service delivery through innovative and cost-effective partnership working. The Council engages in extensive discussion and planning to develop efficient working arrangements while protecting quality of services. Decisions to enter into partnership working are supported by a detailed business case and cost-benefit analysis, and are subject to scrutiny and approval by Members. The Council has partnerships in place for the delivery of services including Licensing, Revenues and Benefits, Internal Audit, Environmental Health and Building Control.

f) Risk Management

The Council's risk management processes are reviewed by the Risk Management Group and reported to the Audit Committee as appropriate.

Strategic risks are aligned to Council's promises and objectives and are actively monitored and updated throughout the year. In 2018/19 the strategic risk register was reviewed and updated, and was reported to the Strategic Management Team and the Audit Committee.

g) Relationships and Ethics

Good co-operative relationships exist between the Council and its external auditors and inspectors, and between Officers and Members. Relationships between Officers and Members are guided by a protocol embedded in the Council's Constitution. The Council has clear Codes of Conduct for Members and Officers embedded within its Constitution, underpinned by a culture of integrity and ethical behaviour. Member conduct is scrutinised by the Standards Committee.

h) Service Delivery by Trained and Experienced People

The Council has a robust recruitment policy and relevant procedures in place. The Council holds Platinum status in the Investors in People (IIP) scheme, re-conferred by an external inspection regime in January 2019. The Council was the first local authority nationally to achieve this standard in 2016. Staff appraisals take place annually and are aligned to the values, behaviours and objectives of the Council. Training and development plans are part of the appraisal process and are used to identify any training needs over the year. As part of the ongoing commitment to develop and nurture staff the Council has designed, delivered and developed bespoke training courses. Firstly the 'Leadership Masterclass', a programme for Managers of all levels within the organisation. Secondly, 'Personal Best' which was available to all staff and aimed to help them identify and achieve personal breakthrough goals. Thirdly, 'Talent in Me', which is available to all staff and consists of over 60 bite-sized courses.

i) Monitoring Officer

The Council's Monitoring Officer oversees compliance with laws and statutory obligations. The Monitoring Officer reports to the Council's Standards Committee. There have been no issues raised during the year that have impacted on the governance framework for the Council.

j) Anti-Fraud and Corruption

The Council has an Anti-Fraud and Corruption Strategy and a Whistle Blowing Policy. The Council also has a Counter Fraud Team and a 'fraud hotline', available to both staff and members of the public, which allows individuals to report anonymously any suspected cases of fraud and corruption. As part of fraud risk management, all staff and Members are required to complete annual declarations of interests. The risks of fraud and corruption are assessed within the strategic risk register and appropriate measures put in place to mitigate these risks. There were no disclosures or internal investigations during the year.

5. Role of the Section 151 Officer

5.1 Section 151 of the Local Government Act 1972 requires that the Council appoint an individual officer to be responsible and accountable for the administration of its financial affairs. The Scheme of Delegation held within Part 13 of Sevenoaks District Council's Constitution assigned this responsibility to the Chief Finance Officer during 2018/19.

5.2 CIPFA has issued a Statement on the Role of the Chief Financial Officer in Local Government. This details the governance arrangements and delegated responsibilities considered necessary to facilitate the role of the Section 151 Officer. The Council has considered this Statement, and believes that, during the financial year 2018/19, it has complied fully with the governance requirements of the Statement. The Council's Financial Procedure Rules, codified within Appendices D and E of the Constitution ensure that all the appropriate responsibilities are delegated and reserved to the Section 151 Officer as the Statement recommends.

6. Review of Effectiveness

6.1 Sevenoaks District Council has responsibility for conducting, at least annually, a review of the effectiveness of the system of internal control. The review is informed by the outcome of the work of the Council's internal audit service during the year and by Chief Officers who have responsibility for the development and maintenance of the internal control environment. It also considers comments made by the external auditors and other external review agencies and inspectorates.

6.2 The External Auditor concluded that, for 2017/18, the Council had effective arrangements in place to ensure value for money was achieved. An unqualified opinion was issued in relation to the Council's financial statements. The Council is not aware of any issues arising from the current work being undertaken by the External Auditor.

6.3 Internal audit reports are available to the Audit Committee upon request, and the outcomes of audit work is reported regularly. Each year the Committee receive the Annual Internal Audit Report, which includes the Annual Opinion on the Council's internal control, risk management and governance arrangements. The interim opinion for 2018/19 indicates that the Council's control environment is effective.

6.4 The Head of Paid Service and Section 151 Officer and the Monitoring Officer periodically review the Constitution, procedures for internal financial control and application of the relevant Codes of Conduct.

6.5 There were no significant governance issues raised in last year's AGS.

6.6 It should be noted that no significant governance issues have been raised through the AGS process and no areas were identified for further enhancement.

7. Review of Effectiveness

7.1 The Council is satisfied that appropriate governance arrangements are in place.
