Alternatively, they might be supported by the One You Your Home service which aims to facilitate a safe, secure and accessible home environment for older residents as well as supporting mental wellbeing issues like social isolation. If appropriate One You Kent Advisors will refer clients to alternate services who will support the client to address wider determinants of health i.e. housing, finance, social care related issues.</p> <p>Some successes this year have included:</p> <ul style="list-style-type: none"> <li>• Helped to co-ordinate the soft launch of the new Westerham Park Run with local trained volunteers. Safe Communities

Kent Police - Making Policing more visible

During 2019 we recognised a need to increase our officer numbers for our frontline teams such as the Local Policing teams and officers within the Community safety unit. As such a county wide recruitment program was developed and is still running today. There has been additional funding provided by central government which has allowed us to invest further.

Sevenoaks district is now staffed by 11 operational PCSO's (Police Community Support Officer) divided between the main towns and surrounding areas of Edenbridge, Westerham, Sevenoaks and Swanley. In addition to these officers we have three specialist officers who work within the community safety unit, their focus is for support around vulnerabilities for adults, child and crime prevention not only for the community but for colleagues and partners.

### Sevenoaks District Community Plan Monitoring, Year 1 (2019-22 Priorities), (April 2019 - March 2020)

All Officers and Staff utilise the twitter social media platform to provide the local communities with an insight to our daily activities and to update on crime trends and general crime prevention advice.

In order to maintain partnerships and good working practices our operational PCSO's provide a monthly bespoke newsletter to their parish clerks. This provides information on activities conducted during the month such as speed enforcement, any joint working ventures and planned activities for the month ahead.

Since March 2020 we have increased our footfall with patrolling in order to address the concerns and issues surrounding the Covid-19 pandemic, as such Town centres have seen a big increase in operational presence in order to provide reassurance, visibility and to address any breaches of the government orders currently in place.

### Case Study - Supporting Vulnerable and repeat victims of crime - Domestic Abuse (DAVSS)

#### The beginning

Jane (not her real name) experienced 6 years of emotional abuse, sexual coercion and physical violence before ending the relationship with her partner. However, after a period she joined a dating website and was recognised there by her ex-partner who tried to make her resume their relationship. When she refused he sent multiple abusive texts and angry messages and stalked her at home and at work. She was so terrified that she left home and 'sofa surfed' at friends.

Following a seriously violent episode when she was pulled from her car and physically assaulted by strangulation, the Police were called and arrested her ex-partner. The Police advised her to contact DAVSS (Domestic Abuse Volunteer Support) for ongoing specialist support and she called the DAVSS Helpline immediately.

#### The middle

Her DAVSS volunteer Advisor carried out a risk assessment and agreed a safety and personal action plan with her. As the case was assessed as High Risk it was referred to the West Kent Multi-Agency Risk Assessment conference (MARAC) for partnership assistance. Her volunteer

### Sevenoaks District Community Plan Monitoring, Year 1 (2019-22 Priorities), (April 2019 - March 2020)

Advisor supported her to Court to apply for a Non Molestation Order successfully. A panic alarm and CCTV were installed at her house enabling her to return home. She was encouraged to see her GP who was very supportive and assisted with medication and counselling to address the traumatic experiences she had experienced.

#### The end?

- Jane was supported to Court by her volunteer DA Advisor who arranged for special protective measures and safe transport with friends which reduced the trauma of appearing at Court and enabled her to make her statement freely.
- Jane's application for a Non Molestation Order was successful. It protects her from the abusive and violent behaviour of her ex-partner, helps her to feel safe at home and prevents him from coming near her place of work.
- Jane reported that her physical and mental health, and economic stability had all improved significantly with the support from her volunteer Advisor.
- Jane's risk level reduced from High to Standard and she agreed that the case could be closed as she was confident that she could get back to DAVSS anytime.

Jane said *“DAVSS helped me when I was terrified for my personal safety. I can't recommend DAVSS enough! They have been invaluable in me obtaining a Non Molestation Order at Court.”*

Her friend also wrote to DAVSS *“This group have been absolute life savers (literally) for my friend. The ex-partner was both physically and mentally abusing her, stalking her and making her life a total misery and causing her enormous fear and anxiety. She was terrified of what he would do until DAVSS stepped in. They were there for her at a very vulnerable time in her life. Without their help, advice and support I dread to think what might have happened to her.”*

#### Kent Police Case Study - Speeding vehicles

All PCSO's are aware of Speedwatch and have been given an input on how it works as well as access to the database. Speed watch gives the local community's the opportunity to assist with reducing speeding vehicles within their areas, this is one of the most common concerns raised by parishes within the Sevenoaks district. PCSO's have spoken with all their parish clerks and efforts made to ensure awareness of this tool. Process changes in 2017 lead to a down turn in the take up of volunteers but it appears Sevenoaks district still has the largest establishment in the whole of Kent. Further work is being conducted to increase the platform.

### Sevenoaks District Community Plan Monitoring, Year 1 (2019-22 Priorities), (April 2019 - March 2020)

Several 'speed checks' have been conducted in the district of Sevenoaks at areas highlighted by the community as being 'hotspots' and from data publicised on the 'crash map' (website which collates reported collisions within the UK). Most checks are conducted by local PCSO's within their own parishes and beats. Information from the PCSO's is gathered is sent on to the Speedwatch scheme to be added to their information which assists in the identification and education of those drivers who are a cause for concern, this is due to PCSO's not having the powers to issue enforceable action and approaching the issue with education.

To assist with the drive to combat the issues the Community Safety Unit has established a solid working relationship with the Kent Police Specials roads policing unit. They are utilised for enforcement action when education has not had the desired effect. Hotspot areas within the Sevenoaks district are visited on average twice per month with traffic offence reports being issued which carry either, points, fine, court or driver awareness courses (officers at the scene do not decide on the outcome, this is dealt with centrally) Kent Police has also utilised the Police Cadets for similar operations within the district which has provided them with road safety awareness.

As the national lead for road safety KFRS have a 'road safety' experience which operates in Rochester. The Road Safety Experience is the first purpose built, interactive centre of its kind in the UK. It uses powerful stories, exciting interactive experiences and information from experienced road safety experts. The aim is to encourage young people to look at the potential consequences of a road accident from all perspectives - for themselves, their passengers, other drivers and their families. This unit is open throughout the year and is mainly the subject of school visits.

West Kent own Churchfield cottages and this was a land-led redevelopment project within the Sevenoaks District Council area. The scheme was to demolish one end of terrace house which had subsidence and build two dwellings in its place, maximising the land available within the corner-plot.

**The middle (what happened, what was changed and the action taken)**

- The land-led scheme tenure mix was 100% for affordable rent. Our appointed employer's agent Baily Garner conducted a competitive tender, and the tender was awarded to Brenwards Ltd.

### Sevenoaks District Community Plan Monitoring, Year 1 (2019-22 Priorities), (April 2019 - March 2020)

## Sevenoaks District Community Plan Monitoring, Year 1 (2019-22 Priorities), (April 2019 - March 2020)

## Healthy Communities

## Partner Case Study - Sevenoaks GP Care Navigation Service

## The beginning (the background, issues, opportunities, need for change)

It is widely acknowledged that GPs are under great pressure with a rising workload matched by growing patient concerns about convenient access. Some estimates suggest that about 60% of patients requesting to see a GP didn't need to and could have been signposted to a different service instead.

Among a series of initiatives designed to relieve pressure on GPs is training receptionists and clerical staff to become confident sign posters/care navigators to break down the automatic assumption that a GP appointment is the best first place to go for any problem. Care navigation includes asking questions to see if they could successfully solve some patients' problems before they came in to see a doctor, thereby freeing up their appointment slot. This includes encouraging patients who could see a different clinician, a pharmacist or be signposted to another service altogether, to self-refer to local community services where they do not need to see a GP first.

The key objective of signposting is to help patients access the right care with the most appropriate source of help at the earliest opportunity. This occurs at the first point of contact with the GP Practice by non-clinical staff under direction of the clinical team. This approach is a proven innovation that releases staff time and improves patient care and is one of the top 10 high impact areas identified in the GP Forward View.

## The middle (what happened, what was changed and the action taken)

A West Kent GP led on a project to train all practice reception staff across West Kent to become care navigators - directing appropriate patients to services within our community if their needs would be better met outside of the medical setting. This was supported by a team from West Wakefield who provided accredited training.

### Sevenoaks District Community Plan Monitoring, Year 1 (2019-22 Priorities), (April 2019 - March 2020)

We started the process with an initial workshop where representatives from general practice and other providers met to discuss services that would be appropriate for this training. This provided an opportunity for colleagues from primary care and local service providers to shape active care navigation services based on services available locally.

Providers of selected services attended GP receptionist and clerical staff training events to talk about how their service could benefit patients locally. These sessions discussed criteria for referral / capacity and initiated the joint development of protocols that receptionists/GP staff could follow.

#### The end? (the outcomes, the success or the effect of the activity and any future plans)

35 Sevenoaks GP practice members have undertaken training so far and 6 of the 8 Sevenoaks practices have requested further in-house training for their staff.

During the period March 19 - March 20 a total of 1447 care navigation interventions have taken place and been accepted within Sevenoaks area GP practices. People originally requesting GP appointments have accepted referrals to other services including nurse practitioners, physiotherapists, paramedic practitioners, community pharmacists and other community health and well-being and support services. Latest data (March 2020) shows an acceptance rate of 85%.

## Dynamic Economy

### West Kent Housing employment and support training

West Kent's income protection team referred Mark (not real name) to the training and employment team in November 2019.

Mark had recently been forced to give up his job as a Warehouse Operative because he couldn't find public transport to get him to his shifts on time. To access a computer and West Kent staff he would walk over a mile and to meet his job coach in Dartford he was walking a 4-mile round trip.

### Sevenoaks District Community Plan Monitoring, Year 1 (2019-22 Priorities), (April 2019 - March 2020)

From the beginning Mark made it clear that he had a strong work ethic and was not afraid to work hard. When we met Mark, he had no ID to prove that he was able to work in the UK, West Kent offered to pay to get his driving licence updated but, in the end, Job Centre Plus (JCP) agreed to pay. The team updated his CV and kept in close contact with him. They arranged for him to meet a colleague from the Bluewater Learning shop in November to discuss the possibility of attending a CSCS training course. West Kent paid travel expenses for Mark to attend job clubs in both Maidstone and Dartford but there were no suitable jobs available.

Mark was accepted onto the Construction skills certification scheme (CSCS) training course, but he was invited to attend an interview for a Warehouse Operative on the same day, we agreed that it was better for him to attend the interview, unfortunately he was not successful.

One of West Kent's staff arranged for Mark to attend a Security Industry Authority (SIA) training course in February, however, he was invited to an interview with a local construction company on the same day. Mark was told that if he was successful in getting the job, West Kent would pay his first month's travel expenses.

Mark started full time work in mid-February, he said:

*"I would like to thank Pauline for supporting me back into full time employment. Knowing that Pauline was there to support me has given me the confidence to take control of my life and knowing that my travel was being paid for the first month of employment helped me a lot. I would definitely recommend this service to other people who are looking for work or a better paid job"*

## Sustainable Communities

### Sevenoaks Kent Karrier - Compaid

When Mrs Watson was widowed, she lost not only her husband but also her connection to the local community. As she could not drive herself, she felt increasingly isolated in her small hamlet some five miles from the nearest town. As a pensioner on a tight budget, she was restricted to shopping outings once a week and only for a period of two hours to meet the timetable of her nearest limited bus service.

**Sevenoaks District Community Plan Monitoring, Year 1 (2019-22 Priorities), (April 2019 - March 2020)**

On hearing of Compaid's dial a ride service around Sevenoaks, Mrs Watson signed up and quickly became a regular traveller. She is able to plan her shopping trips into town, arrange to have lunch with friends and family and visit doctors and dental surgeries all on the same day. These outings also help to reduce her loneliness, and she sometimes travels with a near neighbour for increased companionship.

"The Compaid drivers have been so wonderful helping me with my shopping bags and always willing to assist without hesitation. I hope the service will be there to support me and other isolated people for many years to come."
