Introduction and Background

1 The terms of reference of the Governance Committee set out that it may advise the Council on all matters relating to any review of the Council’s Constitution.

2 It is necessary to revise the Council’s Contracts Procedure Rules in line with legislation and best practice. The attached revised rules take into account
changes since the last revision, including the impact of leaving the European Union on purchasing rules.

3 In addition to the revisions to the Contracts Procedure Rules, the Council will be adjusting internal working documents to ensure procurement and contracting arrangements are efficient and fit for purpose.

4 In particular, it is important that where possible the threshold limits set out in the Rules are accurate. These are the limits beyond which full procurement processes must take place. Currently, for ‘works’ the limit is £4,733,252 and for ‘goods and services’ £189,330.

5 The next review of the thresholds will be implemented by January 2022 by amendments to the public procurement regulations. In order to ensure that these variable figures are kept up-to-date, along with any other detail, the Monitoring Officer requests authority to amend the rules from time-to-time as becomes necessary.
