

Good morning,

I am writing about this application for an extension to the existing licence for the above restaurant.

This morning I have been told of this application by a neighbour who is very concerned about the effect of any extension. The time limit for consultation expires on 30 July. I can see no notice of this application anywhere on the property, so this period could well expire before local residents have any opportunity to comment/object.

In the short time that is available to me, I would like to register my objection to this application on the grounds that it is totally inappropriate for a conservation area in which there are many residential properties. Until Ephesus started to exploit its "Garden", the three restaurants in the area carried on their businesses quietly to the benefit of this part of the town.

I am attaching three images, two of which show the so-called Garden and one showing the sign referring to the Garden. Please would you confirm that the application would not permit any music or dancing in this area. The noise pollution from its existing use is more than enough.

Regards

John Hacker
