Noise Disturbance
Opening Hours

I would like to object to the late license and request to play live and recorded music. We live within a few feet of the Ephesus premise and the volume of the music means we can not sleep until the music is turned off at 2am. We can also hear the music whilst we are sat inside from as early as 9pm. We have two young children who are woken by the music. They are very early risers so the noise disturbance from this restaurant has been extremely distressing for us all. We can not continue to live like this as it is deeply impacting our lives particularly at the weekends. There are a number of residential properties within a few feet of this restaurant and I am astounded a late license was ever awarded to Ephesus.
