

## **Item 6 - Street Naming and Numbering Policy**

The attached report was considered by the Improvement and Innovation Advisory Committee on 25 November 2021. The relevant Minute extract is below.

### **Improvement & Innovation Advisory Committee (25 November 2021, Minute 28)**

The Head of Information and Customer Solutions presented the report which set out the revised Street Naming and Numbering Policy. The current policy was limited in scope and was not robust enough to support officers in some of the more complex decisions that were required, and so the revised policy aimed to provide a more robust and user-friendly document that guided applicants and officers, and supported the Street Naming and Numbering function. It detailed the decision making process, routes for appeal and issues of responsibility.

Members discussed the revised policy and noted some typographical and consistency errors which would need to be amended, and discussed terminology relating to 'title deeds'. Members also discussed that numbers and names should be clearly visible from the highway.

#### Public Sector Equality Duty

Members noted that consideration had been given to impacts under the Public Sector Equality Duty.

Resolved: That it be recommended to Cabinet that subject to the typographical and consistency changes as discussed, the revised Street Naming and Numbering policy, be adopted.
