Subject: Kent Police - 46/236461/21 - Theft from motor vehicle

Good Afternoon,

I am writing to inform you that your crime report ref: 46/236461/21, whereby suspect(s) unknown have taken items from the boot of your vehicle, has now been filed.

We have completed all outstanding CCTV enquires and we have been completed and we have been unable to identify the offenders. Checks have been conducted on the suspect vehicle, however this has not generated further leads and we believe the vehicle may have been using false/incorrect registration plates to assist in the masking of the vehicle's true identity.

As such, we have exhausted all reasonable lines of enquiry and have been unable to identify any offenders to progress the investigation. This will now be filed for information purposes. If in the future any suspects are identified and arrested for the offence, we will look to make further contact with you.

Kind Regards,

A/PS HEARNE 14326
