Good morning.

Further to my original representation to this application, (see email 8/4/22 below), I wish to add the following.

It is concerning to note that letters of support appear in the papers stating the reason support is forthcoming is because of cheap alcohol to be offered for sale.

It is well known that an offer of cheap alcohol will attract many people to the area, especially in the current climate, and encourage youths and those who are prone to anti social behaviour to hang around the area, and re- introduce the problems the area has experienced in the past.

The current store has a pricing policy to deter the problem customer/ youth and has been largely successful in doing so to date.

By introducing cheap alcohol for sale problems will return, in the form of youths the worse for drink, which will lead to anti social behaviour and crime and disorder.

I ask that this application be refused. The area does not need cheap alcohol on offer.

Kind regards

Stewart Gibson
