

## APPENDIX D

Health & Safty.

Sec 12 of the Licensing act 1872 clearly states it is illegal to Ride or Drive a Horse while under the influence of alcohol. This Law is still active 2021.

I have witnessed the sad results of an occasion at Four Elms , when a rider came off the horse . The horse bolted for home down the road into a Police car , the horse was so badly hurt it had to be put down . When the rider finely arrived at the scene it was Very Clear she had ,had too much to drink.

On another occasion a rider came off his horse ,while out hunting also had too much stirrup cup! the Air Ambulance was called.

I have been a Jump Judge at Lockskinners Farm . The Horses were finding this fence a bit tricky, so did not need any distraction?

When three or four people came round the corner in the middle of the course , I asked them to Clear the Course so they were out of the way of the Horses and Riders, I was told that they were in the open class of jumping and were Walking the Course?

I told them they should have walked the course at the proper time with all the Riders. It was very clear to me they also had had a good lunch.

It is very dangerous for Everybody to have people walking about the cause even sober! let alone under the influence of Alcohol.

A Horse has a mind of it's own so will flee a situation it is unhappy with and that is when accidents happen.

Alcohol is not a good thing when mixed with Horses , or Cars!

Which I am totally against a License for Lockskinners.

Mrs Paddy Bunn
