

6. Harrow Meadow – how would you like it to be used?
 The vision for the meadow is that it becomes a valuable space for the community for eg fetes, galas, concerts and sports. There is currently a children’s play area and a football pitch. Enlarging the meadow is being investigated.

What activities and facilities would you like to see accommodated?

Eynsford Community Survey

Village Hall design and Harrow Meadow usage

This survey provides an opportunity for the community to influence the design of the new hall and the use of Harrow Meadow. A similar survey has been sent to hall regular hirers.

The Village Hall Trustees and the Parish Council which owns Harrow Meadow are consulting with the architect regarding facilities for the new hall and the use of Harrow Meadow. Drawings of the hall’s outline design and its location at Harrow Meadow will be submitted to the District Council in the planning application.

Refurbishment of the current hall is not viable due to significant structural issues which would cost in excess of £650k to remedy and deliver a hall with no internal improvements and no assurance of structural longevity.

Your responses to these questions will be valuable. The Hall Trustees and the Parish Council are committed to providing our vibrant community with a hall that is suitable for the 21st century set in a splendid environment.

If you prefer, this survey can be completed online at www.eynsfordvh.com/wp/design-survey.
