Recommendation to Health Liaison Board

To note the report

Introduction and Background

- 1 In May 2021 we were asked by the Portfolio Holder to put this into place and reinstate the HAT but to include Wellbeing, we had an initial meeting with partner organisations and developed the action plan. Due to us being approximately 2 months behind of the start date (April 2021) it was agreed that partners would work on this one through the meetings rather than wait for the following year as we had missed the Cabinet process. The 2022-23 plan was put in place and agreed by the Advisory and Cabinet in January 2022, to be ready to start in April 2022
- 2 Appendix A summarises the second quarter (July - September) of the action plan
