

Local Council Tax Reduction Scheme 2023/24

Summary

- 1 To recommend the rolling forward of the Local Council Tax Reduction Scheme 2022/23, effective from 1 April 2023.

Background and discussions

- 2 The Council is required to approve a local scheme of support for council tax each year and this has to be done by 11 March of the preceding financial year. The local scheme was therefore updated for 2022/23 on 22 February 2022. It is now recommended that the scheme approved for 2022/23 be rolled forward to 2023/24, with effect from 1 April 2023.
- 3 This scheme provides protection for pensioners in line with the Government's decision that pensioners would see no reduction in their entitlement from that under the old council tax benefit rules. It also reduces the entitlement of working age claimants by 20%.
- 4 The award of council tax reduction is by way of a discount which reduces the amount of council tax collected. Most of this reduction is borne by the major preceptors, with the Council suffering a reduction of approximately 11% of the total.

Financial Implications

- 5 The annual cost of the current CTRS is £6.895m of which £3.91m relates to working-age claimants. A large proportion of this cost is borne by the major preceptors.

Legal Implications

- 6 The scheme is governed by the Local Government Act 2013.
