Housing & Health Advisory Committee (7 February 2023, Minute 85)

The Health Team Leader and Health & Communities Manager presented the report, which set out the Health & Wellbeing Action Plan for 2023/24. This was built on the current Action Plan and feedback from partners and stakeholders regarding the scope and opportunities for collaborative work.

The Action Plan proposed a new population health approach to planning, with an emphasis on reducing health inequalities as well as improving overall health. The three main pillars for this were the wider determinants of health, health behaviours and lifestyle, and places and communities.

In response to questions, they explained that the plan would be updated quarterly, to ensure the actions were meeting needs. The information would also be shared with Town and Parish Councils. Possible guidance for councils and community groups would be examined at the quarterly partnership meetings.

Resolved: That it be recommended to Cabinet that the Health & Wellbeing Action Plan for 2023-24 be approved.
