

ACTION SHEET - Actions from the previous meeting

ACTIONS FROM 12.03.12			
Action	Description	Status and last updated	Contact Officer
ACTION 1	The Planning Services Manager to consider the impact of limiting the restrictions found in Policies H4 and H5 to 50% of “habitable” floorspace in the Allocations and Development Management Development Plan Document.	Officers are concerned that this would lead to further debate about what is considered habitable or non-habitable. Existing caveats in policy related to loft space. No change proposed.	Hannah Gooden Ext. 7178
ACTION 2	The Planning Policy Manager to consider protecting both villages and neighbourhoods in Policy LC6 of the Allocations and Development Management Development Plan Document.	Policy LC6 has now been deleted as out-of-centre retail is covered by the revised NPPF. See paragraph 6(l) of the report on Allocations and Development Management Development Plan Document in the agenda.	Hannah Gooden Ext. 7178
ACTION 3	The Democratic Services Officer to organise the next meeting of the Group for June 2012.	The date of the next meeting was arranged for 7 June 2012.	David Lagzdins Ext. 7350
